FRANCE AND ENGLAND TO IMPOSE A BRAKE ON REICH HEGEMONY

BONNET PLEDGES FRANCE TO GIVE UNRESTRICTED AID

It says that M. Bonnet gave a written undertaking to unrestricted French participation in whatever form of co-operation is decided upon. The Havas agency from London stated that Mr Neville Chamberlain, Lord Halifax, and M. Bonnet have easily agreed on the necessity for Britain and France to impose a brake on Germany's attempt to create a hegemony in Central Europe.

U.S. OUTCAST FORECAST

VIOLENCE WOULD CAUSE ACTION WARNING NOTE Democracies Must Help Themselves

United Press Association—Copyright. (Received March 23, 11 p.m.) NEW YORK, March 23. Walter Lippman, a noted American writer, has issued a warning that the ultimate victory in Europe may be won by the democracies only if they are united in Congress and by the democracies of the world. Lippman adds in a new article in the "New York Times" that European democracies are not united in their attitude towards the aggressions of Hitler and Mussolini. He says that the democracies must help themselves.

UNEASINESS IN POLAND

COUNTRY "VIRTUALLY SURROUNDED" GERMAN TROOPS Courageous Decisions Urged by Deputy

United Press Association—Copyright. (Received March 23, 11 p.m.) WARSAW, March 23. The situation in Poland has become increasingly serious as German troops surround the country. The Polish government has taken courageous decisions and is urging the Polish people to stand firm.

JOINT STATEMENT POSSIBLE

BRITAIN, FRANCE AND RUSSIA POLAND WAITING Tension in Central

United Press Association—Copyright. (Received March 23, 9 p.m.) LONDON, March 23. The "Times" says that British and French governments are in agreement on the possibility of a joint statement. The statement would express the common view of the three powers regarding the situation in Europe.

ATTACHMENT TO IDEAL OF PEACEFUL RELATIONS

President Lebrun's Affirmation: Scenes Of Splendour At Covent Garden

British Official Wireless. (Received March 23, 6 p.m.) RUGBY, March 22. Scenes of splendour which have not been witnessed at Covent Garden since before 1914 were revived tonight on the occasion of a visit by the King and Queen, accompanied by President and Madame Lebrun, to a gala performance. A feature of the State and Queens of the Life Guards heralded their arrival, and the grand staircase leading to the main floor was lined by Yeomen of the Guard. The King, Queen, and Mrs. Lebrun attended a reception in the County Hall in connection with the jubilee celebration of the London County Council. M. Lebrun, speaking to an audience of well-wishers, said that today there attended before the British and French peoples solidarity, interest of thought, and of sentiment. They showed the same attachment to liberty and democracy, and the same ideal of peaceful relations between their people, founded on respect for the highest moral.

DANGERS OF HYDATID DISEASE

SHOW EXHIBIT

Half Country's Sheep and Cattle Affected

The most serious and far-reaching of all the diseases of stock is the Hydatid disease, which is caused by a parasite known as the Hydatid Cyst. This parasite is found in the livers and lungs of sheep and cattle, and is spread by the dog. The disease is a serious menace to the health of both man and beast, and is a danger to the wool and meat industries of New Zealand.

Exhibits will be staged in the morning of the Department of Agriculture, and will be open to the public from 10 a.m. to 4 p.m. The exhibits are the property of the New Zealand Department of Agriculture, and are on loan to the exhibitors. The exhibits are a valuable asset to the exhibitors, and are a valuable asset to the public.

See the FASTEST CARS in the SHOW

Austin cars have ever been renowned for their graceful modern lines, their roomy, comfortable interiors, their wealth of safety features, their economy of running and upkeep, and their outstanding Dependability. To these time-proved, traditional Austin qualities has now been added a more powerful engine—the new PowerPlus engine, whose aluminium cylinder head and larger inlet valves have resulted in higher compression ratios and improved induction, giving an amazing power output for hill climbing, for zippy getaway and for quick acceleration; at the same time making for still greater economy of running. Make a point of seeing the range of Austin models on display at the show—note their many outstanding features for safety, for comfort, for ease of handling—check over their complete equipment which is included in the listed prices—and you will realize that for their value for money there is nothing to equal an Austin.

A MODEL TO SUIT EVERY NEED AND EVERY PURSE

THE AUSTIN 'BIG SEVEN'

An exciting new, modern more powerful model. Holds the h.p. class in performance, a smartly powered 48 hp, four 2 1/2 brake horse power! Available in 4 Door and Two Door Models.

THE AUSTIN 'TEN'

New PowerPlus engine, developing 32 h.p., heavy-duty rear axle, more luggage space, photo-type shock absorbers and power-steering handlebars.

THE AUSTIN '12'

New PowerPlus engine, developing 32 h.p., heavy-duty rear axle, more luggage space, photo-type shock absorbers and power-steering handlebars.

THE AUSTIN '14'

Goodwood Saloon

Develops 40 brake horse power! Same improvements as the 'Ten', plus fastidious lubricated mud flaps and higher, wider doors.

THE AUSTIN '16'

Goodwood Saloon

Same improvements as similar models except that its New PowerPlus engine develops 48 h.p. Here is the car for reliable transport without limitations.

NAPIER FROM A NEW ANGLE.—The flat-roofed architecture of New Zealand's second city. In the centre are the County Council and Burns Board offices, seen at the top right may be seen the T. and G. building clock tower, and the Bishop's palace of the Roman Catholic.

"Daily Mail" Microphotograph

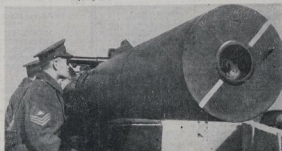

SPIDER EPISODES.—But this is not a common or garden spider, and is really much less impressive than its looks. "Thomisidae" is not family name.

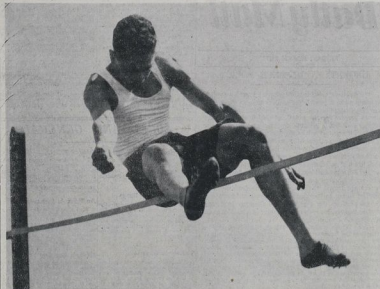

THE SEVEN HALF MILES.—Another record was broken at the Hastings High School sports yesterday when G. G. stepped over the 500 yard hurdle in 8 mins. 12.5 secs. better than the previous record.

THE MECHANICAL SAILOR.—The British Admiralty's new scheme for inducing skilled workmen to join the Navy has resulted in a remarkable increase in technical efficiency. The modern machinery is run by "specialists," and men such as those seen at work on torpedoes are to play a very big part in the Navy of tomorrow.

207 & 207.—But this serious attention is far out of the gun. A new time device, the "range-finder," which "fills in" every phase and enables the gunner to chart his course, range, and speed.

MAKES IT.—The winner of the high jump at the Hastings High School sports yesterday clears the bar at 4 ft. 11 in.

ROUND BREEZE.—It caught over the 1000 yd. event just at the Hastings High School sports yesterday. He lowered the previous record of 1 min. 28.5 secs. by 4 sec.

'What did Citroën say in 1934?'

**TWO YEARS AHEAD ...
BUT THEY WERE FOUR**

Four years ago, Citroën anticipated the trend of our generation by introducing Torsion Bar Springs, Integral All-Steel Body and Chassis, Control Five Floor, Foot Wells and Yokes, Front Wheel Drive and Independent Front Wheel Suspension. The remarkable union of the best in modern design resulted in safer, smoother motoring than ever before. Surface skidding and cornering trials were eliminated and road irregularities were magically smoothed out. Today these features are being hailed as notable innovations but wise motorists know that only on Citroën cars are they ALL available.

SINGER

The First 'Luxury' Car at a Popular Price

See These Cars To-morrow at the Autumn Show

The Latest 1939 SINGER SUPER 10

THE FIRST "LUXURY" CAR AT A POPULAR PRICE. The Singer Super Ten is outstanding both as regards powerful performance and luxury of detail. The high efficiency overhead camshaft engine develops 35 H.P. so amply that the impression is given of riding in a much heavier powered car. This model was universally appreciated at Earl's Court to be the outstanding luxury car in the 10H.P. class. For 1939 improvements have been added which will justify even more the expression "the first 'luxury' car at a popular price."

The Latest SINGER
NINE
BANTAM

THE "NINE" WHICH GIVES THE GREATEST VALUE FOR MONEY. This 9 h.p. car has earned a fine reputation for reliability amongst thousands of motorists. The powerful 9 h.p. overhead camshaft engine, 12-volt lighting set, roomy body, under-slung safety frame, and now the imposing new frontal appearance and the heavy seating, make this model outstanding at the price.

BEAUPARTIR OR ROYAL CHIEF?

Awapuni Gold Cup Clash MANAWATU MEETING OPENS TODAY

Dainty Sue And Rakahanga

(By MOTORBOAT)
While interest is being excited in the Manawatu Racing Club's autumn meeting, which opens at Awapuni today and continues tomorrow, Hawke's Bay horses are freely engaged in the first few weeks at Trentham, Taranaki and Masterton.

There is a splendid field for the Awapuni Gold Cup, two meetings, and this race is likely to prove the highlight of the first day's racing. The Awapuni track is in wonderful order as the result of the rain which in the last few days has been pouring. Single pool betting will be in operation and a great time is expected.

Queen of Song would have a great chance if favored by the crowd, but the fact that she has been so successful in her previous races is a strong recommendation for her. The Queen of Song is a very good horse and is likely to be a strong contender for the Gold Cup.
