REPUBLICAN RESISTANCE IS ABANDONED

EVACUATION OF MADRID BEGINS

United Press Association—Copyright. (Received March 28, 11.15 p.m.) LONDON, March 28. A brief message says that Madrid has surrendered. The city has hoisted white flags on public buildings and citizens through the streets demonstrating in favour of General Franco, who is expected to enter the city today. All defence posts have been abandoned, and all Republican forces were deserted to-day. According to a Franco statement, the Nationalists claim to have reached the outskirts of Madrid. In a broadcast from Madrid the Republican Defence Council announced the dismantling of all armaments and surrendering of the city to the Government. The Defence Council, since José del Robo, headmaster, declared that the evacuation of Madrid had begun. The dismantling order was regarded as confirmation that the Republicans did not intend to resist General Franco's entry.

STEPS AGAINST GERMANY?

United Press Association—Copyright. (Received March 28, 11.15 p.m.) LONDON, March 28. Following an unbroken meeting of the Foreign Affairs Subcommittee of the Cabinet tonight, the British Ambassador (Mr. Neville Chamberlain) is expected to make a statement on the progress of the anti-aggression talks at question time in the House of Commons tomorrow. The Foreign Secretary (Viscount Halifax) is also expected to make a statement regarding the debate on foreign affairs in the House of Lords. His earlier British Official Wireless message stated that the Under-Secretary for Foreign Affairs (Mr. R. A. Butler) assumed Chamberlain's position during the absence of Chamberlain from the House of Commons. The Foreign Secretary (Viscount Halifax) is also expected to make a statement regarding the debate on foreign affairs in the House of Lords.

WILL OIL BE FOUND IN THE WAIROA DISTRICT?

Geological Survey Progressing: Hopes Of A Future Industry

Is there oil to be found in the Wairoa district? This question has been the mind of the Geological Department, Limited, who are busy engaged in making investigations in an area west of Wairoa.

It is believed to be being made by the preliminary work—comprehensive geological survey—and it is expected to be completed in a period of six to eight months.

The possibility of finding an oil reservoir has been the main object of the survey, and it is believed that the geological survey will be completed in a period of six to eight months.

 PERSIL-WASHED ONES**

Persil

It's a mistake to think you're getting a perfectly white
 wash unless you're using Persil. For Persil whitens
 best anything you can get with the best ordinary
 soaps. That's because Persil's acts are oxygen-based
 to get rid of every speck of dirt and stain. It's by
 washing things cleaner that Persil gets them whiter.
 Once you give your thing a Persil wash you'll agree
 that Persil whitens really is the only true standard
 of whiteness in washing. And don't forget . . .
 Persil's gentle cleaning action makes it last longer.

Off again SHE SIMPLY NEVER TIRES

"It's all right, I'd never be able
 to keep going like this, if it weren't for
 my Modaire. The girl's new dress
 when your weight is normally
 and properly distributed. The next
 of the wonderful new material
 is a miracle. And I can't get
 any more of it, so I'll always
 prefer it!"

You can forget your weight . . . and
 discover that until you realize you
 thought had gone forever. The girl's new
 weight gives you body the support
 it needs, with a Modaire Practical
 front seam. The inner-rib of
 every, over-extended elastic, fits
 you the most moulds into position,
 before you know the correct load.
 Then, your figure is restored before
 it is covered. And there's all the
 difference in the world between this
 and the corset which merely tries to
 disguise your figure. Be kind for
 the Modaire Practical Front, and the
 difference, the relief!
