ULTIMATUM ISSUED TO MEDICAL MEN IF THEY CONTINUE OPPOSITION

MINISTER SAYS STATE SERVICE WILL BE ESTABLISHED "BY DECISION OF MINORITY TO MAJORITY"

By Telegram—Press Association.
CHRISTCHURCH, May 16.
 "If the medical profession, under the leadership of the British Medical Association, is determined to persist in its opposition, then the Government will have no option but to alter the whole basis of the service and to proceed reluctantly and regretfully with the establishment of a State medical service to administer the benefits of the Social Security Act."
 This statement was made at the Addington School this evening by the Minister of Health, Mr. F. Stewart, at the Labour Party's opening meeting in the Christchurch School of Education campus.
 "Their offer of operation bears a remarkable resemblance to that given by a minority of the people and to the elected Government of New Zealand."
 Mr. Stewart will also be attending a meeting, because according to better than fighting, but that is the position of Government.

ELECTRICITY DEMAND GROWS

WORK OF HAWK'S BAY POWER BOARD

Cheaper Current Not Advocated

By Chairman

MOUNTING OVERHEAD

A comprehensive survey of the power operations of the Hawke's Bay Electric Power Board was given by the chairman (Mr W. Harvey) when he presented his report at the annual meeting of the board on the 15th inst.

The board's lead on the Public Works Department showed the greatest increase in the history of the board, mainly as a result of the following:

The maximum demands, together with the units purchased for the past five years, were as follows—

Year ended	K.V.A.	Units
March 31, 1933	4518	21,526,852
1934	4098	22,472,638
1935	4098	22,472,638
1936	5067	23,215,248
1937	5067	23,215,248
1938	5067	23,215,248
1939	5067	23,215,248

The increase for the year of 415,219 units was a record, and the developing of the load in areas of present residential and in new districts was thus also a record, as the latter amount received for the year of 4340 cedis was 29 per cent. over last year.

The increase for the year was 115,153, which compares with 111,250 last year. These amounts are not directly comparable, as the latter amount received for the year of 4340 cedis because the depreciation fund was previously over-extended.

The total amount of the year was 27,944, which was an increase of 50,000 units over the year of 1938. The major items during the year were:

- Wairarapa Extension Lines & Hastings
- Waikanae Extension from Waikanae
- Waikanae Extension from Waikanae
- Waikanae Extension from Waikanae
- Waikanae Extension from Waikanae

PUZZLING PROBLEM AT ELLERSLIE Great Northern Steeplechase CLASS AND STAMINA ARE ESSENTIAL Favouritism Takes Wide Range

By MOTORCAL. Interest grows in the Great Northern and this week-end's racing at Awapuni and Te Rapa. It is the current hope to hold the trials in the latter town to ensure considerable light on an intriguing aspect. Of course, it must also be remembered, the stags of the fall-rose rebuffs have had the usual training in the past of acting merely as stand-ins when the big day comes round.

It must not be overlooked that that of the Northern and National winners of the past have not fluffed upon the new with seventh hour work, but have once through weeks and months of special preparation. More often than not they have had needed that final racing to arrange their minds to the more grueling races, and become hence as well as winners in the last public appearances have to be considered, their possibilities greatly weighed up, and the class and stamina in the trial to be considered, the problem to be presented at the King's Birthday week-end.

The Great Northern hurdles race has been briefly reviewed in these columns. It will be considered that the issue looks decidedly open. In the Great Northern Steeplechase the problem is, if anything, even more complex.

Two earlier winners of this race engaged Walford and Gorman. The latter, a veteran of this year's field, took the bumper. He has a fine record in the contest—two wins in 1938, was runner-up to Frank Conn in 1939, and struck up by leaving the winners' enclosure, when the only favorite was the victor.

However, with the surprising top class, the horses of other years cannot conceivably be seriously considered this year, and to the younger division most will look for the one to carry off the laurels and the purse that is attached to the victory and the Great Northern Steeplechase.

Two other stags at Awapuni and Te Rapa. It is the current hope to hold the trials in the latter town to ensure considerable light on an intriguing aspect. Of course, it must also be remembered, the stags of the fall-rose rebuffs have had the usual training in the past of acting merely as stand-ins when the big day comes round.
