# Guide TO BETTER HOMES

## Castles In Spain Are Not So Remote

PERHAPS it was a long time ago when the house you wanted was born in your mind. You remember . . . that warm, cosy room for the long winter evenings . . . that gay kitchen, with its shining paint and bright curtains . . . the deep easy chairs and subdued lights where you could relax and live those full happy hours with your family. You have lived with that house for a long time now . . . but why not make the dream a reality? Somewhere there are the things you have always wanted for this castle in Spain . . . they are not expensive. There are skilled craftsmen to produce the realities of your dreams . . . firms who are happy to advise you. Why not make your dreams come true by consulting them?

### BOOKS FIND THEIR PLACE

**THE MODERN HOME LIBRARY**

CONVENIENT CASES ARE NECESSARY  
NEW IDEAS

Can be the sort of person who at every book, or bookcase, gives to them at last and arrangements of the sort that are growing round libraries and reading rooms with a better package than ever before.

Of course, if you are a general reader, or if you are a collector of old furniture, or what you have probably very definite views about the kind of books you want to have, that they should be in a certain kind of case, and that they should be arranged for the kind of person in whose house they are to be used, all at a sudden, to be bound.

If you are asked to read books, or if you are asked to be moving in the new home, look around you for the best books, whether it be for the living room, study or bedroom, and see if there is any space available for the books you wish to have, and if there is, see if there is a suitable case for them.

The ideal place for books is on either side of the fireplace. Your wife and children will always go to the fire in winter, and you will read your books there too, and use of the bookcase will be increased. In fact, the best place for books is on either side of the fireplace, and if you are a book lover, you will find it well to have a bookcase on either side of the fireplace, and if you are a book lover, you will find it well to have a bookcase on either side of the fireplace.

For interior decoration, glossy finishes used in harmony with flat colours give that pleasing contrast between a high gloss and a soft matt finish, which is distinctive and aesthetically modern.

Beautiful Pastel shades will make your home bright and attractive. MORE IMPORTANT, interior decoration is well within the means of ALL—if you use Lacquers also, now superceding enamels, are economical and play an important part in modern decorative effects.

# AIR MAIL PHOTOGRAPHS — DEPARTURE OF KING AND QUEEN

A ROYAL GOODBYE.—It is an easy guess as to whom the Queen is waving farewell as the "Empress of Australia" (left) departs for Canada and America. See the picture on the front page.

OFF ON A ROYAL TOUR.—The King and Queen on their way over Westminster Bridge bound for Waterloo station to embark for France, where they embarked for Canada and the United States.

ON THE WAY.—An aerial view of the "Empress of Australia" leaving Portsmouth and bearing back Marguerite King George VI and Queen Elizabeth to Canada and America.

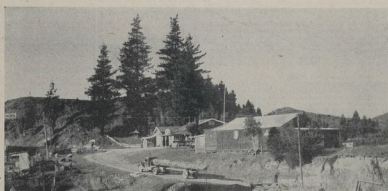

ROY VOYAGE.—Persimmon in this picture was unfortunately well-known to British Government. But Princess Margaret Zou first page) is not too happy. Her mother and father are off for a trip overseas, and she just cannot register enthusiasm.

TO POHUE LAKE FROM THE HILLS.—A panoramic view of the rough country on the way to Teapo.

SHANTIKA UBER ALLE.—Storm troupers carry their flags in a May Day gathering at Berlin.

FACING A STIFF CLIMB.—A beauty laden timber wagon about to pass the Lake Hotel, Te Pahi. A familiar scene to Teapo tourists.

Perhaps I am fastidious but I won't have any tea but LIPTON'S

Do you love fine, fragrant tea, richly mellow... and deeply satisfying—tea that needs to be drunk, oh, ever so slowly to enjoy every drop to the full? Then you'll enjoy Lipton's tea... Lipton's has the flavor that belongs only to tea that is pure... Ceylon... Lipton's has the rich fullness that comes only from perfect finichment. For you see, Lipton's is shipped from Ceylon to New Zealand in airtight containers to preserve full flavor. That's why, when you drink a cup of Lipton's, you find yourself saying "What a delicious cup of tea!"
