AMERICAN FRONTIER IS QUIETLY CROSSED

Train Schedule The Secret

CROWDS WAIT FOR HOURS TO SEE ROYALTY

Troops Guard The Whole Route

But for an American locomotive drawing a train and other train and New York State Troopers... The crowds were estimated to be the largest since the arrival of the Queen...

Historical leads a cover review. The train was travelling through country which had years ago been the scene of the bitterest fighting between George III's redcoats and Washington's ragged Continentals...

It is anticipated that their Majesties will receive a tumultuous welcome when they reach Washington at 11 o'clock. A crowd in the vicinity of a million is forecast.

The United States leads today in the possession of the largest number of tanks in the world... The British army is estimated to have 1,000 tanks...

From the greatest limits of the Canadian frontier, the Niagara River, which is the boundary of the Niagara River, was the first to be crossed by the American troops...

"OUR COMMON DESTINY"

SYMBOLISM OF THE VISIT

MANY TRIBUTES The Bonds of Language And History

Striding leaders at their heads... The Canadian Prime Minister, Mr. Mackenzie King, slipped through the crowd...

There was a large and well-attended gathering... The Queen and the Duke of York were accompanied by the Duke of Edinburgh...

The Queen's Majesty stepped down from the train... The Duke of York, who is the second in line to the throne, was accompanied by the Duchess of York...

THE WAR GEAR IN SPAIN

ITALIAN PART IN THE CONQUEST OF SPAIN

Large Scale Troop Movements Revealed By A Newspaper

British Official Statement (Received June 8, 11.30 a.m.)

The newspaper "Armed Forces" reveals that between the middle of December, 1936, and the middle of April, 1937, which was the period of Italy's most intensive intervention, 52 troops equipped by 30 warships made 132 voyages to Spain, carrying 400,000 soldiers, 95,000 tons of war material, and 750 aircraft.

The Italian naval mission arrived at Cadix in September 1936, in order to co-ordinate the operations of the Italian and Spanish fleets, and remained there until the war.

Queen Mary Is Well Again

An Official Outlook

British Official Statement (Received June 8, 12.30 p.m.)

Queen Mary attended the Troop Review of the Colour at which the Duke of Gloucester departed for the King. This was her first public appearance since she was confined in the hospital in the east from March through June, and she was reported to be in a very good state of health.

HOW THICK IS YOUR BLOOD...?

We men all differ in the white matter... This is due to the fact that the blood is thicker in some men than in others...

It is not only the thickness of the blood that matters, but also the amount of white matter in the blood. This is why some men are more prone to heart disease than others.

The thickness of the blood is determined by the amount of cholesterol in the blood. This is why some men are more prone to heart disease than others.

## NEW ZEALAND, OLD AND NEW

Well Presented in Railways Magazine

New Zealanders, the June issue of the Railways Magazine gives you some striking illustrations of the old times. Night descriptions of famous scenes, another beautiful view of New Zealand industries, some accounts of the history of the country, the history of Thomas Bracken, New Zealand Hero, a chat on books and authors, original news, records, notes and comments for women, a well-illustrated report of sport.

Should dirty pictures be distributed through the railway's pages.

An ideal gift for a friend or relative overseas.

## Combination Was Lacking

### NAPIER CURTAIN-RAISER

Why Central Hawke's Bay Failed

### BEATEN IN SCRUMS

Their HALF-BACKS were WAIFUICULAR. In their return Rugby match with Napier-Hastings at Napier on the King's Birthday the Central Hawke's Bay side again gave a good display and this notwithstanding the fact that the opposition was easily twenty men than to the game at Waikanae.

The forwards allowed individual flashes of good play, but they were unable to smelt any combination and were almost invariably beaten in the scrums. This method of the game Napier-Hastings took to get away from and again, and that method they proved difficult to pull down.

### Chop Compliments

With a fine display of individual skill and some of the best team spirit ever shown in a provincial game, the Napier-Hastings side, which was led by their captain, Napier, was a credit to the game at Waikanae.

Jackman was, as usual, playing his best football. He was a credit to the game at Waikanae.

### Dull Day for Dyer

It is a strong team, and a good one. However, it is very early yet in the Rugby season and the good players are not yet in the best of their form.

## HAWKE'S BAY RUGBY TEAM SHOWS ABILITY

### The Forwards Exhibit Typical Dash and The Backs Were Occasionally Brilliant

The Hawke's Bay-Wairarapa Interprovincial Rugby game at Napier on Monday was a good game, but it could have been better.

The forwards in some of the best, and play with a smart and speed as exemplified in a team as in the previous season.

The backs were good for the most part, but they were not so good as they were in the previous season.

There was a good display in the game, and the forwards were particularly good.

## A GREAT DISPLAY BY THE KARORI FORWARDS

### The Napier-Hastings Hockey Competition Reviewed: Umpires' Meeting

The feature of last Saturday's matches was the close scoring in the senior series fixtures. Karori defeated Piria by three goals to one, and in both these fixtures Kivi A and Kivi B were successful against Karori and United, by the odd goal in five.

Scots put up their best game of the season and with that they might have made the match a draw. Kivi A, however, had a slight superiority throughout, gained chiefly by a speedy forward line headed by Scott and Knox.

For Strick, Caine was a great asset. His interception being excellent. Swain in goal made some good saves.

Karori and United turned out in a most excellent form. The Karori forwards were particularly good.

INTEREST IN PADISAH TO-MORROW Debut As Steeplechaser MR G. G. BEATSON TO RIDE FAVOURITE

Kikiroki Will Test Top Weight

By MOTOROLA. Of the big jumping races remaining today, only the Grand National and Wanganui Steeplechases have been established before the Hawke's Bay Steeplechase, which for many years was regarded as one of the most important jumping races in the Dominion. It was first run in 1879 and, among the 40 winners recorded, some of the greats in the jumping world—Clarence Manganui, Chemist, Jimmy Manganui, Norton, Moffat, Naudon, Eider, and Oshagen—have proved to be some stirring battles.

Many years have elapsed since an amateur rider took a part in the Hawke's Bay Steeplechase and only circumstances have been successful. Therefore, wide interest will be in the 61st contest to-morrow, when Mr George Beatson, a member of the president of the Hawke's Bay Jockey Club, will pit his skill against the professional riders by taking the mount on the lightweight, Padisah.

The late Spencer Gallop, in 1885, won the Hawke's Bay Steeplechase on his own horse, Norton, who succeeded with 12.5 seconds, but he was no stranger to success, for he had won that wonderful mare Cuddle, but he also proved a great winner. His list includes the Hawke's Bay and Wellington Cups, the C.C. Metropolitan Handicap, and the Grand National Handicap, the latter event as a multiple jumper.

Mr George Beatson is almost a widely known. For many years he has been the first flight of the amateur riders in the Hawke's Bay Steeplechase, and he has won a number of other races, but he has not won the Steeplechase since he was a boy on his father's horse, indeed a triumph if he can get the Hawke's Bay Steeplechase to his second to-morrow.

To a great horse, who will make his debut as a steeplechaser, and to a finer rider, good wishes for success will be extended by all spectators.

PADISAH will be meeting his amateur opponents in an open contest at 12.5 seconds, but he will not be in any of the other handicaps. On the other hand, the favourite, Kikiroki, who is a very good jumper, will be in all the other races before and after the main event.
