JAPAN CLAIMS THAT STEPS AT TIENTSIN ARE SELF-DEFENSIVE

BRITISH CONSULS PROTESTS MEET SHARP REJECTION

THREAT OF REPUDIATING OBLIGATIONS

The United Press Association-Copyright.
(Received June 20, 1.30 a.m.)

TIENTSIN, June 19.

The Domei News Agency reports that the Japanese authorities have issued a statement declaring that if British relations with economic action, Japan will be released from her obligation to provide or respect British property in China.

The Japanese Consul at Tientsin has rejected the Consul's renewed demands to cease discrimination against British subjects and to relax the food transport restrictions. The Japanese Consul asserted that the measures were justified in self-defence and the withdrawal of the food transport restrictions would not be changed. British authorities are continuing the evacuation of women and children to nearby neutral ports.

Japanese Army authorities at Tientsin have announced that from 19 to 21, Tientsin was an area of 7 miles wide surrounding the British and French Concessions will be closed off with wire carrying a charge of 220 volts.

The United States Atlantic Fleet has arrived at Chifu (the Gulf of Peking) in the morning.

The Chief of Police (Mr. Demari) reveals that the Japanese have sent a letter to Chinese members of the Communist International and death visits were there.

The Domei News Agency asserts that Chinese troops on Tientsin regularly meeting against the British when they come for the work of employment. The Press agent has been to protest, but the Japanese are unwilling to discuss the matter on the ground that the Chinese Consensus is fulfilling its obligations to the Japanese. The Japanese are unwilling to discuss the matter on the ground that the Chinese Consensus is fulfilling its obligations to the Japanese.

REFORMS CALLED FOR IN STARTING Conference Should Act SCHOOLS FOR STARTERS POSSIBLE

Notes On Saturday's Winners

(By MOUTROU).

The starting at four meetings over New Zealand in recent years has been a most unfortunate state of affairs has become a matter that urgently requires the attention of the New Zealand Racing Conference.

Public opinion is an indication that racgoers, as well as owners and trainers, are fed up with the existing state of affairs. They have been waiting for a change in the racing scene for many months. The public has been waiting for a change in the racing scene for many months.

The fact should however be allowed to go away in the starting (angle as in the Hotel) Handicap on Saturday but it beyond comprehension. It is difficult to think that such a shocker could have possibly missed hitting a dog out from the extreme outside.

The "Daily Mail's" photo of the start, which appeared yesterday morning, with a remarkable title, it shows horses, as well as the jockeys, in the path of the start. The Ring and Trot, while the jockeys, who were in the path of the start, were in the path of the start.
