NEWS ARE REPORTED TO BE "CLIPPING NEWS"

"ACTIONS OF JAPANESE NAVY MISINTERPRETED GROSSLY," SAYS TOKYO

THE FOREIGN MINISTER (MR ARITA) HAS CIRCULARIZED THE POWERS TO THIS EFFECT, DRAWING ATTENTION TO THE CHANGER SMOKE.

A "FRIENDLY WARNING"

A Ministerial message from the British United Press reports that the Japanese are apparently clamping down at Swatow. A Tokyo message says that the Foreign Office previously declared that the Japanese Navy's actions had been grossly misinterpreted. They had merely given the usual friendly warnings to foreign engineers in order to avoid unnecessary incidents in the war zone.

The Foreign Minister (Mr Arita) has circularized the Powers to this effect, drawing attention to the Changer smoke.

Food with a barrage of questions over Tientsin, the spokesman said "We want British co-operation. The views already expressed remain those of the Japanese and they are awaiting further developments. All we treated alike at the barracks, but such accusations are made in the British are typically wrong."

In a statement in the British House of Commons on Tuesday, Mr Chamberlain said that Viscount Halifax had submitted the British position to the Japanese with the British plenipotentiary that Viscount Halifax would say it very clear what British thought of "those intolerable incidents."

In reply to a question, Mr Chamberlain stated that Britain had not issued retaliatory measures against Japan.

Great Stars From Little Sisters Can Grow

Proof From Hollywood's Success Stories

Have you a little sister in your home? If you have, you might keep an eye on her; she may end up as a motion picture star.

This seems to be the natural conclusion from Hollywood statistics. It appears that good stars from little sisters are the latest addition to the "Famous Little Sisters" Club. It is Joan Fontaine, who stars with Louis Hayward in Edward Small's production of "THE DANCE OF WEST POINT". Her big sister is Olivia de Havilland, already one of Hollywood's brightest luminaries.

Another member of the club, first was, and still is, Dorothy Gish, who, with her sister Lillian, took the world by storm as orphans of the same, back in 1922. When Dorothy was born, Lillian had been in motion pictures since the Gish girls had but one of the greatest reputations ever enjoyed by an actress.

That that girl never died. Dorothy from that time to this, in the twenty years, living by these two young girls. Lorena, by these two young girls. Lorena, by these two young girls.

Today Hollywood is fairly teeming with Famous Little Sisters. The star Joan Fontaine, three young girls, Marie, Louise and Louise, who recently completed a successful engagement at the New Jersey in "The Great Escape".

Another name is Constance Tamm, who has been known as Sylvia and Norma. She was a successful actress, and she is still, she said, still a girl.

A new trend is making it that of the little sister. It is a new trend to make it that of the little sister.

Following an story about the background of English cinema, the biggest Hollywood movie, "Bank Holiday" was made respectively from the screen. Here first and Ralph Richardson appear in this scene from the film, which will open at the State Theatre, Hawke's Bay, on Monday evening.
