So NEW in design... so old in reputation S.T.C. RADIO STILL LEADS

Strikingly different as these new S.T.C. radios are, there is one feature that is as old as the S.T.C. organisation itself, and that is their inherent quality. The same fine craftsmanship and engineering ingenuity that has enabled their products through the years to present in this new range of receivers as an even greater degree. The finest technical brains of the world evolved the features that set new standards of radio entertainment—multiple-tuned and anti-jitter circuits; push-pull output; huge perfected S.T.C. speakers; target tuning... they all contribute to the listening capacity for pulling stations and the brilliant realism of tone that makes S.T.C. the logical choice.

NEW RIVERS BOARD RATE STRUCK

Lively Discussion Ensues On Overflow Cuts

NGARURORO SCHEME

At its meeting yesterday the Hawke's Bay Rivers Board struck its rate for the present year. The amount is the same as last year, which represents an increase of one per cent. over the year. The actual rate varies in most of the various districts of the board.

The chairman (Mr. C. Lattin) presided over a meeting of the board, which was held at the office of the board, 111, M. Thompson, J. H. Smith, and J. Macdonald.

Mr. Lattin said that the board was pleased to have the rate for the present year fixed at the same as last year. He said that the board had been engaged on the Ngaururoro scheme, and that the rate for the present year was fixed at the same as last year.

Two Heavy Power Graders

ARRIVAL AT HASTINGS

Four-Day Journey From Wellington

FOR COUNTY USE

After a four-day journey, the two new heavy power graders, purchased by the Hawke's Bay County Council, arrived at Hastings yesterday. These machines are the latest type of power grader, and are being used for the purpose of grading the roads in the county.

The graders are of an unusual design, being equipped with extra power on all four wheels, and are able to climb hills to work on the steepest slopes.

These machines are of much more than ordinary capacity, and are being used for the purpose of grading the roads in the county.
