"A CONTINUAL RISE IN COSTS"
The County Council Is Seriously Perturbed
RECORD RATE STRUCK

It is impossible to view the municipal rate cuts with anything but the gravest anxiety. This is a universal view...

In addition to the chairman, there were present C. B. Harding, J. Macdonald, H. M. Glanville, H. E. Croson, C. W. Mackay, R. J. Snowe, E. H. Beaton, P. H. White, the County Clerk (Mr. W. O'Connell), and the County Engineer (Mr. P. Kelly).

There were two main reasons why the council was forced to raise the rates. The first was the increase in the cost of the fuel for the council's electric works...

SIDELIGHTS ON WELLINGTON FORM

Club's Wonderful Success

BERT ELLIS WON FOR SURVEY

(By MOTOROLA.)
Impressions of last week's racing at Trentham are steady of most money and mixed fun. Taking all round, the standard of jumping was a long way below that seen in recent years, but of course, the track conditions contributed in no small measure to this fact.
Not for many years has money been so freely spent—this despite the fact that the weather was miserably cold and that most of the favourites took their admirers down in the slush. The result was that the treasurer showed a record turnover of nearly £50,000, making the year's receipts nearly £77,000—a new record for the club.
Wellington observes this season. In spite of the heavy contingents of the harem, the club has not a single sale in recent years, offering splendid silks, covering for and drawing the race class horses, and it has taken every advantage of the worst of prosperity. The time is ripe of hand when the club will be able to wipe off the full debt of its wonderful stables that have made it one of the finest courses in the South-Island.
The club's aim is to be congratulated upon its financial position. The club is to be congratulated upon its financial position. The club is to be congratulated upon its financial position.
