GOOD SCOUTING GESTURE TO GREET THE CENTENAL

Headquarters Building Proposed By The Napier Authorities

To commemorate New Zealand's Centenary, the Boy Scout movement authorities in Napier are hopeful that the present new building to accommodate headquarters will be ready for use by the end of this year. Satisfactory progress has been made in the preliminary stages of the annual meeting of the Napier Area Committee in Napier on July 10. The Hon. Secretary, Mr. J. G. McEwen, presided over a good attendance.

The new headquarters building structure was stated to be the gift of £200, and it was announced at the meeting that the committee had made a decision to purchase a new building to house headquarters, after the present building had been found to be inadequate. The committee was asked to consider the purchase of a new building to house headquarters, after the present building had been found to be inadequate. The committee was asked to consider the purchase of a new building to house headquarters, after the present building had been found to be inadequate.

A valuable feature of the camp was the fact that the water here from the various troughs gave much more satisfaction. Another striking feature was the fact that the water here from the various troughs gave much more satisfaction. Another striking feature was the fact that the water here from the various troughs gave much more satisfaction.

The National Stating Building was mentioned in the Napier branch meeting. The National Stating Building was mentioned in the Napier branch meeting. The National Stating Building was mentioned in the Napier branch meeting.

Rats Gnaw Holes In Thick Piping

Surprising Damage is Disccovered in Lead Sheet

Telephone Cable

Fault in Service Leads to Investigation by Workmen

Surprising evidence of the power of rats was furnished by the discovery yesterday when the Napier Post office workers were engaged in the task of repairing two pieces of heavy telephone cable which had been damaged by rats gnawing through the lead sheath of the cable. The workers were surprised to find that the rats had gnawed through the lead sheath of the cable.

Several smaller holes were also noted on the local cable which, it is believed, will require attention. It was stated that the rats had gnawed through the lead sheath of the cable.

DUTCH SWIMMER SET NEW RECORD

Time for The 200 Yards Breaststroke

United Press Association, July 12. Amsterdam, July 12.—The Dutch swimmer, J. van den Bosch, set a new record for the 200 yards breaststroke in a time of 2 minutes 40 seconds.

COMPARATIVELY FEW MEN IN SPORT AT HASTINGS

Only One-Third Actively Engaged In Physical Recreation

How many young men in Hastings participate in some form of physical recreation? That is the question which Mr. Muller, reporter for the Daily Mail, has raised. He has found that only one-third of the young men in Hastings are actively engaged in physical recreation. The majority are not.

The total number of young men in Hastings is estimated to be 10,000. Only one-third of these are actively engaged in physical recreation. The majority are not. The total number of young men in Hastings is estimated to be 10,000.
