Keen 'Chase Is Promised RAPA WAIAITA A GREAT JUMPER Beaulieu Not For Australia

By MOTOROLA.
Yesterday's rain left the Hastings tracks in a heavy state, but there is every indication that the weather is on the improve again and prospects for the Hawke's Bay Heat and annual meeting tomorrow look particularly bright. Not for a long time has the club been able to crowd such good fields and the public will have plenty of opportunity to see them in their deliberations.

In the planning to see such a good response for the H. A. Russell Memorial Cup, the 175 challenge cup being donated by a wide attraction. There has accepted and indicated that all will go to the post tomorrow. They should make the contest a worthy one. While a number of the lightweights are quietly fancied by their admirers, the racing favourites are the top weights, Blue Tiger and Rapa Waiaita, and the clash between these two good steeplechasers will be the highlight of the day's racing. And both are in winning form.

Blue Tiger, having his first race for a long while, gave his field a big start at Danversville on Wednesday last, and the result there and then simply stamped home. It was an impressive effort that indicated he had not lost the brilliance of youth. Tomorrow will not be overlooked that he is a rare material and his victory will give him a high reputation.

On the other hand, Rapa Waiaita is thoroughly seasoned. In the past two months he has won seven steeplechases, for three wins, three seconds, and a third, and last week took two fine galloped rounds at Trentham, to Eickington, and Shaver. That was good form. In addition, he is the best horse known in the province.

With a combination of the pair will probably give the spectators a fine race. There will be no cross-over going by New Zealand and the other side.

Beaulieu has started down the hill in a quarter of a mile and has been in the lead for some time. He is a very good horse and has been in the lead for some time. He is a very good horse and has been in the lead for some time.

GALLOPS IN THE RAIN TRACK STILL VERY FAIR

WORK AT HASTINGS Preparations For Hunt Club Races

By MOTOROLA.
In the midst of the rain which has been falling since the morning, the preparations for the Hunt Club races are well advanced. The weather is on the improve again and prospects for the Hawke's Bay Heat and annual meeting tomorrow look particularly bright. Not for a long time has the club been able to crowd such good fields and the public will have plenty of opportunity to see them in their deliberations.

While a number of the lightweights are quietly fancied by their admirers, the racing favourites are the top weights, Blue Tiger and Rapa Waiaita, and the clash between these two good steeplechasers will be the highlight of the day's racing.

Blue Tiger, having his first race for a long while, gave his field a big start at Danversville on Wednesday last, and the result there and then simply stamped home. It was an impressive effort that indicated he had not lost the brilliance of youth.

On the other hand, Rapa Waiaita is thoroughly seasoned. In the past two months he has won seven steeplechases, for three wins, three seconds, and a third, and last week took two fine galloped rounds at Trentham, to Eickington, and Shaver. That was good form.

With a combination of the pair will probably give the spectators a fine race. There will be no cross-over going by New Zealand and the other side.

Beaulieu has started down the hill in a quarter of a mile and has been in the lead for some time. He is a very good horse and has been in the lead for some time.
