### RECOGNITION TO BE GIVEN OF RIGHT TO MAINTAIN AN ARMY IN CHINA

#### HELP FOR CHANG KAISHENG WILL BE REGARDED AS UNFRIENDLY

It is officially stated that the Foreign Office at Tokyo has announced that agreement has been reached on the general background of the Einstein situation and a statement is being issued simultaneously in Tokyo and London on Monday.

The British United Press Agency learns that Britain has recognised the necessity for the Japanese Army in China in order to maintain peace, while Tokyo interprets this as a recognition of war conditions.

The London London statement will be issued at 2 p.m. (British standard time) on Monday.

The agreement, says a Tokyo cable, resulted after a 45-minute conversation between the British Ambassador Sir Robert Craigie and the Japanese Foreign Minister Mr. Hirota.

The Prime Minister (Benjamin Franklin) told the Press that the conference was the crisis and added that the main principle accepted was the will of the Chinese and was not limited to the British position.

"British agents and interests in China are being protected by the British Government," says the London statement. "The British Government will continue to support the Chinese Government in its efforts to maintain peace in China."

The London statement also says that the British Government will continue to support the Chinese Government in its efforts to maintain peace in China.

It was understood that Sir Robert Craigie had indicated to the Japanese Foreign Minister Mr. Hirota that the British Government would continue to support the Chinese Government in its efforts to maintain peace in China.

The London statement also says that the British Government will continue to support the Chinese Government in its efforts to maintain peace in China.

Another Munich?

Although it is premature to assume that an agreement will be reached at the present discussion at Tokyo between the British Ambassador and the Japanese Foreign Minister (Mr. Arita), reports received last night indicate that the most formidable hurdle has been surmounted.

The principal difficulty was to arrive at a satisfactory formula for a cessation of hostilities, and some acknowledgment mutually between the parties as to their respective rights and standings.

It is not to be expected that the general circumstances are extraordinarily unique. Japan is formally at war with Great Britain, and the latter is a member of the League of Nations. It is a member of the League of Nations.

Japan's invasion of China has necessarily resulted in great importance relating to British interests in China. Since the outbreak of European hostilities, Japan has been busy maintaining the fiction that some new neutrality device is being worked out.

Apparently Japan has the first move in the diplomatic battle. It may generally be stated that this is implied in the recognition of Japan as a belligerent.

As was stated previously, Britain had two courses open to her in the event of the aggression against China, and to denounce Japan on the security of her rights in the Far East.

**GREAT FINISH IN RANGITIKEI HUNT CUP**

**Glenvale Wins On The Post**  
**H. DULIEUX'S STABLE HAS THREE WINS**

**Ruling Spi Wins The Handicap**

(By MOTUORA).

Glenvale fully deserved his victory in the Rangitikei Hunt Cup for he had put up a magnificent performance to win a splendid exhibition of jumping throughout, and in the end he was the only horse to get down the Royal King in the last hundred yards to win narrowly by a head. Ruling Spi was the only horse to get down the Royal King in the last hundred yards to win narrowly by a head.

However, at the last fence it looked as if Royal King would prevail, but he got into this obstacle and the mishap enabled Glenvale and Lady Clough to join the race. Lady Clough ran her usual good race, but Blue Tiger and Lector, who were made the favourites, were never in the race. Ruling Spi was the only horse to get down the Royal King in the last hundred yards to win narrowly by a head.

The favourite, Quodnon, was sent back to the half-mile race, and the race was won by Ruling Spi. The favourite, Quodnon, was sent back to the half-mile race, and the race was won by Ruling Spi.
