## ROLLING FORTRESSES ATTACK

### Seventy-Ton Tanks Aid French Advance

#### DEFENCE BEING STIFFENED

#### Germans Forced To Withdraw Troops From Poland

The German defence army is being rolled back in Poland. The French advance is being stiffened by the arrival of seventy-ton tanks.

The Paris correspondent of the United Press of America says it is reliably reported in Paris that the French divisions have been moved forward from operations in Poland to meet the strong French offensive.

The tremendous French attack is led by 70-ton tanks numbering 15-millimeter guns which are called "rolling fortresses."

The Germans counter-attacked strongly today and the United Press informant said that their defence could be described as "decidedly stiffened."

"The Poles' military correspondent points out that hopes should not be entertained that the advances on the Western Front will be more than merely localized for some time."

"Both the French and German positions are fortified with all the efficiency that trains and materials can produce. Nothing essential to be done in present advance, adds the correspondent."

"The German defence army of summer dead, and production can only be achieved by slow, through movement."

"Naturally, the authentic news of strong pressure by the French on the Eastern Front, is being met by the Poles with all the efficiency that trains and materials can produce. Nothing essential to be done in present advance, adds the correspondent."

## GERMAN FORCES CLAIM MANY SUCCESSSES IN ADVANCE INTO POLAND

### ROADS FROM WARSAW CLOGGED WITH FLEEING CIVILIANS

#### POLES BOMB BERLIN IN RETALIATION

The Berlin High Command today said that the German advances had reached 200 miles north of Warsaw and 100 miles south. The roads were clogged with fleeing civilians.

The south-western forces had pushed all miles today according to the official German statement. The northern army had crossed the Naevve River and fought in the streets of Lodz.

The Polish Embassy at Paris announced that Polish troops for the second time called Berlin on Thursday.

A committee from Warsaw stated that the enemy had burned Warsaw eight times in the last 48 hours. The Polish planes claimed a large quantity of propaganda leaflets.

The enemy shot 15 planes during the day. The communique adds that first fighting is proceeding in the south-west over the region of Koryuz, Tarnow, and the retreat.

THE NEW VOLUNTEER FORCE

One should not jump to hasty conclusions following the announcement by the Government that it has decided to raise a volunteer force "for service within or beyond New Zealand."
It is perfectly obvious that the decision is in line with the Dominion's general preparations for the existing emergency.
The step may be welcomed as an evidence of New Zealand's determination to play her part in the lesser conflict of the world today, and though in material strength we may not be a great power, it is the intention of the Dominion's general preparations for the existing emergency.

# New Zealand to Raise a Volunteer Force

## 6,000 ENLISTMENTS WANTED

### For Service "Within Or Beyond Dominion"

#### LIST OPENS NEXT WEEK

#### Conditions And Age Limits Outlined

By Telegraph—Press Association, WELLINGTON, Sept. 8.—The Government has decided to raise a special military force for service within or beyond New Zealand. Enlistment in this force will be entirely voluntary and will be confined to men and N.C.O.s of the ages of 21 and 35 years.

In the case of officers the maximum age limits will be—Subalterns 30 years, captains 35 years, majors 40 years, and lieutenant-colonels 55 years.

The medical standard required will be fitness for active service in any part of the world. Enlistments will be received from 9 a.m. on Tuesday next, September 12, and will be voluntary. Men are especially requested not to offer their services in person, by letter, or by telephone only.

Announcing this decision, the Minister of Defence (the Hon. F. B. Jackson) said that preference would be given to single men not engaged in essential industries of the following order—

- (a) Serving members of the Territorial Force.
- (b) Members of the infantry section of the Special Reserve.
- (c) Members of Class 1 of the National Military Reserve (i.e., men who have undergone not less than two years' territorial training).
- (d) Other single men with or without military training. Enlistment will be for the duration of the war and 12 months thereafter, or until such time as the Government may determine.

The first steps to be taken in connection with the establishment of this special force will be the selection of 6000 officers, non-commissioned officers and men.

The regulations which will govern the special force will be framed by the War Office, and will be similar to those which apply to the Territorial Force. It will be possible to apply to join the force at any time during the war. Training in special camps at Papanui and at other places. Men will be engaged in a wide range of engineering work. The special force will be engaged in a wide range of engineering work. The special force will be engaged in a wide range of engineering work.

Training will be for a minimum of 12 months. The special force will be engaged in a wide range of engineering work.

### APPEALS ON SERVICE

### SUSPENSION OF CONTRACT

### "FOR DURATION"

### New Regulations Issued

By Telegraph—Press Association, WELLINGTON, Sept. 8.—Provision for the suspension of an employer's contract for the duration of the military service of his employees is contained in a new set of regulations issued by the War Office.

If an employer desires that his contract should be suspended for the duration of the military service of his employees, he must notify his employer accordingly, and the contract will be suspended for the duration of the military service of his employees.

The regulations state that an employer who wishes to suspend his contract for the duration of the military service of his employees must notify his employer accordingly, and the contract will be suspended for the duration of the military service of his employees.

The regulations also provide that an employer who wishes to suspend his contract for the duration of the military service of his employees must notify his employer accordingly, and the contract will be suspended for the duration of the military service of his employees.
