## JUDGES IMPRESSED BY DISPLAY

### Otane Women's Institute Annual Show

#### COMPLETE LIST OF AWARDS

"Daily Mail" Special Service OTANE.

The Otane Spring Show, organized by the Otane Women's Institute, will be in the Town Hall yesterday afternoon when a very large crowd admired the wonderful display of flowers and house industries that were on view.

The quality of blooms was of a high order, the Judges remarking favourably on this point.

A special feature of the show was the display of needlework by the children of St. Hilary's House, who, as usual, had put in some excellent examples of their work.

The committee deserves praise for the splendid organization of the show, which is one of the best displays seen in recent years.

The winner of the Otane Women's Institute Challenge Cup for the open flower section was Miss W. T. Hicks, who also receives a miniature.

Winners of the points prizes in the culinary classes were: Class A, Mrs. Macdonald; Class B, Mrs. Sparrow; Class C, Mrs. Macdonald and Mrs. Sparrow, jun. (tied); Class D, Miss Logan.

Mr. J. Miller (Whangarei) displayed a special collection of named gladioli, including valuable trophies of bulbs and plants, and other exhibits for sale.

It is almost needless to say that the success of the show was due to the untiring and self-sacrificing efforts of the ladies of the Otane Women's Institute, who, as usual, have done their best to make the show a success.

The Otane Women's Institute, Otago, has a list of names of those who have won awards in the various classes.

UNITS AND THE EMERGENCY REGULATIONS

The somewhat serious exchanges which marked the debate in the House of Representatives upon the subject of the regulation of currency are being expected so long as we have party Government, so long as we have party policy. One has to add that no great insistence on partisan viewpoints has yet been heard from either side. Indeed, the spirit of tolerance so far displayed is commendable, and the speeches, particularly of the Acting-Prime Minister and the Members who have striven to avoid identifying their respective sides of the House, revealed a broadness of outlook which is the best argument yet for a coalition Cabinet.

Nevertheless, the remarks passed indicate quite clearly that while there is a Government making moves, and an Opposition receiving them more or less as a fait accompli, there is room for a great deal of misunderstanding—possibly with most unfortunate results. One realises that the Government is not so much concerned in the nature of petty backing, and they must receive credit for their success to date, but nevertheless each party while it exists as an entity must be conscious of the fact that it represents hundreds of thousands of electors, and possibly different sections of the community.

One sees a great divergence in the Emergency Regulations in the methods of carrying out legislation which may be expected. That there will be divergent opinions on these is inevitable, but it would be most unfortunate if differences arose merely through misunderstanding, lack of information, or through failure to take into account the viewpoint or the needs and circumstances of every representative section of the community.

SUCCESSFUL MATINEE MEETING  
Many Ken Finishes Produced

(By MOTOURA).

The Hawkes Bay Derby staged its most successful matinee meeting to date yesterday on the Hastings racecourse before a large crowd of appreciative spectators. Additional features were included in the programme on this occasion and there were several very fine finishes to add interest to the meeting.

The matinee meeting has now become an institution at Hastings and, judging by the attention it proved in bringing people from all parts of the province, it would be a sorry day indeed if this feature were ever discontinued. There is no doubt that owners and trainers appreciate this chance to give their two-year-olds and young colts an outing under racing conditions, and the general public's interest in the sport is thus quickened.

Taken all round, the two-year-olds seem not yesterday were rather tame and unexciting. The only exception of the meeting last year, but no finish could be fought with any real interest. LOOKING to perfect their own style in the stable tomorrow, the trainer of the winner of the race yesterday, Mr. A. B. Williams, has a number of horses to be trained for the race.
