"Midnight" is Sparkling Comedy

Claudette Colbert, as an American female foreigner, makes a hilarious international comedy, her American character being played by her own French name, Claudette Colbert, as a handsome and dashing Frenchman, who is made to look like the American leads in "Midnight" and "The Spooned".

Both "Midnight" and "The Spooned" are in a most amusing and entertaining style. The latter is a particularly good example of the "spooned" type of comedy, which is so popular with the public. NEW BASIS FOR DAIRY PRICES

Union Officials' Views

AUSTRALIAN RATE PLUS USUAL N.Z. PREMIUM

Payment By Britain

By Telegram—Press Association. NEW PLYMOUTH, Sept. 22. Prices for dairy produce are to be paid on an entirely new basis, according to a statement made today by the Dominion vice-president of the New Zealand Farmers' Union (Mr. H. Hyde).

"It has been agreed to abandon in the meantime all arguments advanced by the union and the Government regarding the guaranteed price," Mr. Hyde said.

He thought it could be taken for granted that the price paid to the New Zealand Government for dairy produce by Britain would be based on that paid to Australia with the addition of the usual premium paid for New Zealand produce.
