SKOW IN AUSTRALIA.—In light snow the skiers of many nations a recent fall on Mount Hotham (Victoria) that it hung like cotton wool on trees and shrubs. The skier, of course, is incidental.

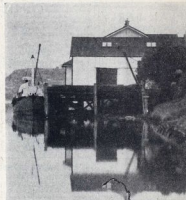

A TRIAL FOR BUNYONS AND WOPORINA.—The Manawatu Gorge, which has been blocked in several instances this winter by slips both on the road and on the railway line. Effort was, however, has enabled the way to be cleared in good time.

SCHOOLBOYS' SCOWOOL.—Napier High School boys cheer their team during the match with the Hastings High School on Tuesday last.

HIGH SCHOOLBOYS IN FRIENDLY COMBAT.—The Hastings High School defeated the Napier Boys High School by six points to nil in a well shot and on Tuesday last. The Hastings half-back is seen taking the ball from a loose pack.

THE WAIRUA WIPER.—Fires were contained recently in Wairoa last as a result of the changing of the fire marsh. Flooding would be caused in the river. Slips are being taken to leave the matter fully investigated.

SPRING IN WINTER.—This view from the Hastings reservoir looking towards Te Mata certainly does not look like a winter landscape. Yet the picture was taken yesterday.

"THE LIGHTENED BURDEN EXPECTED BY FARMERS HAS NOT MATERIALIZED"

LOSS OF INCOME TAX EXEMPTION AND NEW PETROL PRICE CRITICISED BY MR MULHOLLAND

By Telegraph-Press Association

WELLINGTON, Aug. 2. The Budget was an infinite disappointment to farmers, who had been encouraged to look for a reduction of the burden of Government expenditure, said the Dominion province of the New Zealand Farmers' Union (N.Z.F.U.) in an interview today.

Mr. Mulholland said: "Mr. Nash's recent suggestions to farmers that they should be content to forego increases in prices of the majority of their products in return for an assurance that Government would take its own medicine" by...

"The huge increase in the petrol tax, for instance, means a reduction of about 10 per cent on the net of the petrol for farm power... An farmer who also runs a motor car will find that the petrol tax is a heavy burden on his pocket."

Loss of Exemption. The Government intends to try to abolish the exemption of farmers with 2000 or less value added value from income tax...

Reports from the N.Z.F.U. in connection appear to require that the Government should not only take into account the fact that the bulk of the New Zealand population is engaged in agriculture...

Public Works. The Government's expenditure programme for public works is being criticised by the N.Z.F.U. as being too small...

Vigorous Protest From Business Men

By Telegraph-Press Association

WELLINGTON, Aug. 2. A statement dealing with the introduction of efficiency tests in the Public Service, concerning which a good deal of hostile criticism has been expressed by various sections of the public, was issued today by the Public Service Commissioner (Mr T. Mack).

The Commissioner contends that too much emphasis has been placed on academic achievement, and the detriment of a sound knowledge of office duties, and that there is a tendency in some cases to relax after obtaining a University degree.

"The tests, he points out, are not for the purpose of an office checking his intellectual resources or his capacity to pass an examination as such, but merely to show that he knows what he should know as an officer of the Public Service."

It is expected that business for the time being, however, is likely to be somewhat slack.

Following a meeting of the committee of the Auckland Stock Exchange, the following statement was issued: "The committee has decided to make a further report to the Government but not sufficiently acquainted the financial position of the country to advise in any way on the proposed changes."
