Polish Ultimatum To Danzig

GRAVE CRISIS AVERTED
Free City Capitulates on Customs Issue

STERN WARNING TO NAZIS

WARSAW, Aug. 6.
The crisis has been averted as a result of Danzig's assurance that Polish Customs officials would not be prevented from carrying out their duties.
The Danzig Senate sent letters to 83 of 110 Polish officials ordering them to give up their jobs and to leave Danzig before Sunday.
Poland therefore threatened to storm ultimatum containing the demand of the Polish Danzig Agreement and giving the Senate until next day to accept the orders.
The first actual ultimatum from Poland since the Danzig question became acute. A Senate official advised Warsaw by telephone of the committee's decision a few hours before the expiry of the time limit.

The situation is still grave.
The Poland has sent a further Note to Danzig expressing the hope that the Nazis will settle the position with a view to reaching a realistic solution.

A detailed reply is expected from the Senate by Friday.

A Polish spokesman announced that Danzig's refusal to accept the ultimatum was a mistake, and that Danzig accepted a Customs union with Germany's terms.

Mr A. Mair Becomes Premier In New South Wales; Powers May Be Challenged

United Press Association-Copyright.
(Received August 6, 7.35 p.m.)

The United Australia Party Parliamentary Group on Saturday elected the former Treasurer (Mr Alexander Mair) as leader in succession to Mr. S. B. Stewart by 18 votes to 10. Mr. Spooner had refused to be nominated, but Mr. Richardson's name went to a secret ballot.

Mr Spooner was the Governor (Lord Wakehurst), who recommended him to stand for Mr. Mair, who was later sworn in as Premier of the New South Wales.

The new Cabinet, which is the same as the former but omitting Mr. Spooner, was sworn in simultaneously.

There was a dramatic denouement during the party meeting when seven members of the Spooner group left the room and went to a private in the Government wing.

That bedspread looks awfully dingy—but I'd darn't wash it!

"Nonsense! PERSil will wash those colours like new"

It's just as she said... **PERSil IS MARVELLOUS FOR COLOURS!**

There's good reason why coloured things come out of a Persil wash clear and brilliant. Persil's wash is oxygen-charged to get things perfectly clean with no hard rubbing to damage colours or fibres. Indeed, Persil cleanses so thoroughly that tepid or even cold water may be used if colours are likely to run. And Persil washes so gently that things are out of the water in next to no time. It's by washing things so much cleaner that Persil keeps them brighter.

**Persil** THE AMAZING OXYGEN WASHER

Don't forget... Persil's gentle cleansing makes things last longer

# BRILLIANT DISPLAY OF RUGBY AT WAIPUKURAU

## The Aute College Too Good For New Plymouth Boys School

"Daily Mail" Special Service

A record crowd of spectators at Central Park, Waipukurau, witnessed a splendid contest of football on Saturday afternoon when the Aute College defeated New Plymouth Boys School by 17 to 6.

There was little to choose between the two teams, and, in fact, the latter were the stronger. Aute's two representative wingiers, Ellis and Tait, undoubtedly carried off the game, but it was not until the 30th minute that they did the previous work unambiguously. Wingianui Cullen, centre, was the only player who put his side on to the field as he was the only one to kick the ball.

Wingianui Cullen was the only player who put his side on to the field as he was the only one to kick the ball. The Aute boys were victorious in the second half.

The first half play was generally good, with Aute's forwards being the mainstay of the team. They were well served by their backs, and the result was a 6-6 tie.

The Aute boys were victorious in the second half. They were well served by their backs, and the result was a 17-6 win.

**DANNEVIRKE CLUB'S POINT-TO-POINT Thrills At Takapau Meet**

**BLUE TIGER TAKES MAIN STEEPLECHASE**

**Barney And Bardowie Winners**

(By MOTUORA)

Hunting for the 1939 season in Hawke's Bay was brought to a very successful conclusion on Saturday with the Dannevirke Hunt Club's annual point-to-point meeting at Takapau. In keeping with the other point-to-point meetings at Hastings and Taupo, a very high standard of sport was attained and the impression gained was that hunting in Hawke's Bay has received a definite boost this year and the future of the sport looks very bright.

Mr R. A. Freer's property at Takapau was well laid out for the meet, the steeplechase course providing a variety of jumps and a course that could be followed throughout by the large number of spectators. It was a good day for point-to-point racing there was a large business in the air and the lovely introductory parade found the buying public and further to points of interest.

Amongst the hunters' competitors was uniformly good and the judge was at a definite task to award the placings, but the racing, both over country and on the flat, was outstandingly good, largely constituted from the fall of the flag to the finish, and rarely with a touch of the way of keeping time.

The only untoward incident of the afternoon was the occurrence and fall of Miss Mary Wall's hunter filly at the last fence in the Sherwood Steeplechase. To this stage filly had had a good landing, but at the last fence she was with Barndowie, but she turned a complete somersault when she crashed landing her rider, Miss Mary Wall, and she had a considerable shock from serious injury, as the mare had a considerable fall from serious injury, as the mare happened to roll over her.

Barney assumed command as soon as they were set off, and jumping the fence had a handy lead, and was going so well over the fence that he became content that he had to fall by a head and he was a very good horse and a very good rider.

Barndowie assumed command as soon as they were set off, and jumping the fence had a handy lead, and was going so well over the fence that he became content that he had to fall by a head and he was a very good horse and a very good rider.
