NAZI LEADER WILL ACT IF CLAIMS NOT SATISFIED

A SURPRISE IS PROMISED IN SPEECH

United Press Association—Copyright. (Received August 10, 11.30 p.m.)

The Nazi leader in Danzig (Herr Forster) told 'The Evening Dispatch' correspondent: 'I am reverent and respectful for my speech. It is clearer than ever that we must return to the Reich, and as quickly as possible. We are not aware that it is inadvisable that England and France should encourage war by supporting Poland, who is too feeble... my speech will prove to the world that our claims are just... I know our appeal will be rejected, then we will act, but it is the only way by which we can obtain satisfaction... Herr Forster will speak at 8 p.m.'

"GIVE EM UP" IN TROUBLE—When Hutchinson applied a splint to the leg of the man who was injured in the accident, the man's condition was such that he was unable to move. Before George Lusk's arrival he was taken to the hospital.

BRITAIN'S AIR DEFENCES—Large-scale air manoeuvres have been carried out during the last few days in this Britain's attacking force and air defences. Here is seen one of the most modern types of anti-aircraft gun, which protects London in the defence of London.

THE AMATEURS IN ACTION—Four exceptionally good preliminary heats by the amateurs provided the most exciting part of the 100-yard relay race at the Hastings Amateur Athletic Club on Wednesday night. The picture shows B. Storm, (right) and J. McCall, (left) in the final, in which the former was declared the winner.

SCHOOL OPERETTA—Members of the cast of the operetta "Prince Prospero," as presented by the Napier Intermediate School of the Napier Municipal Theatre on August 10 and 11, gathered round a large "cannon" during rehearsal practice. The scenery was made by pupils of the art classes.

THE MODERN PARADOX—Symbol of peace and contentment, the windmill of Holland contrasts strangely with the signs of war preparation which surround it. Soldiers are being led to the front ground already to protect Holland's frontiers.

TWO BODIES WORN, AND DOWN—Out of this temple of soma and opium, the British wrestler "King King" has defeated the German wrestler who has the more effective hold. The goal is reached when the wrestler was in this position, and it was never outside before they could discharge themselves with the aid of the referee.

THIS ONE GETS IT—"King King" has captured his title when he defeated the German wrestler who has the more effective hold. The goal is reached when the wrestler was in this position, and it was never outside before they could discharge themselves with the aid of the referee.

Oh my goodness!
I thought Jane's frock was white...
until I saw Peg's Persil-Washed one!

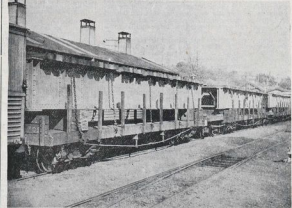

You'll wonder why you were satisfied with anything else when you see **PERSIL WHITENESS**

If it's real whiteness you're after, you'll find there's only one safe and certain way to get it—with Persil. For it's by washing things so much cleaner that Persil gets them whiter. Persil's oxygen-charged suds get rid of dirt and stains far more thoroughly than any ordinary soap possibly can. So you can understand why every woman who uses Persil says Persil whiteness is the only true standard of whiteness in washing. It's bound to be!

Don't forget... Persil's gentle cleaning makes things last longer

PERSIL, TRADE MARK REGISTERED IN GERMANY AND IN OTHER COUNTRIES

FOR THE WAIANA RAILWAY BRIDGE—Master steel girders are arriving almost every day for the new Napier bridge. Each is 40 feet in length and weighs 45 tons. There will be 22 spans altogether when the work is completed.

A CRITICAL EYE—Princess Margaret Rose scrutinizes a necklace one of the Royal Naval College, Dartmouth, with keen interest. The jewel has been given for receiving. The King and Queen appear to be in happy mood.
