FIRST NEWS IN THE POLES FROM THE

NEW REGIME IN FREE CITY

Polish Officials Are Arrested

MANY FRONTIER INCIDENTS

United Press Association—Copyright. (Received Aug. 25, 3 a.m.)

A Danzig decree appoints the Nazi leader Albert Forster as the State President of Danzig...

This is interpreted by a German Government spokesman as "the establishment of an authoritarian regime under Herr Hitler in Danzig."

It is determined that the British Consul left early this morning. The first reported Nazi move to take the Poles from Danzig is indicated by a Warsaw communique reporting that the Danzig secret police have arrested a number of Polish railway officials...

The police for the first time have supervised Polish customs officers at Zoppot and Oliva, examining passports and baggage and ignoring the fact that the railways are legally under the control of Poland...

When Polish officials protested the Nazis followed their revolvers and replied: "We act by right."

The Danzig-Poland negotiations dealt with customs problems have been abandoned. A decree places the Danzig Gestapo under the direction of the Senate President, which it becomes a separate organization.

From Warsaw it is reported that twenty German couriers have been arrested at a railway station in the Katowice district. They fired over 100 shots and wounded three Poles.

Several other instances have been reported that the Poles had closed the Polish-Danish border to stop food consignments from reaching Danzig.

NAZI ARMY STANDS READY TO EXECUTE

HITLER'S COMMANDS

ANTI-AIRCRAFT GUNS POINT ON BERLIN ROOFTOPS

FURTHER TRENDS DETECTED AGAINST POLAND

United Press Association—Copyright. (Received Aug. 25, 2.30 a.m.)

One grave fact stands out as Herr Hitler awaits Herr Ribbentrop at Berchtesgaden—the German Army stands at arms. The danger that it might receive the order to march increases each hour.

Mobilisation parties toured the Rhinefeld all through the night calling out reservists from their beds, from cafes and theatres, promptly requisitioning lorries and cars which many young reservists, without military training, are being forced to drive.

Observers have not overlooked the importance of Dr Goebbels arrival at Berchtesgaden. He helps Herr Hitler to frame vital proclamations and usually broadcasts them over the air on behalf of the Fuehrer.

Observers are moving east each hour from Berlin, where anti-aircraft guns have been ordered to point on the Mincow Park. They direct further lorries against Poland, typical of the German military preparations.

The time has now arrived to strike the knife from the hand of the German Army. Italian war preparations have suddenly accelerated. Responsible leaders are beginning to express the fear that it was inevitable without delay.

An earlier message said that the last concentration of German troops was held in Berlin on August 24. The last of the German Army is now being moved to the front.

"Britain Faced With Imminent Peril of War"

MR CHAMBERLAIN'S GRAVE VIEWS

European Situation Reviewed In The House

United Press Association—Copyright. (Received Aug. 25, 10.15 a.m.)

In the British House of Commons, Mr Chamberlain said that the country was faced with the most peril of war and it was necessary to make arrangements as to the gravity of the situation required.

"German complaints of Polish atrocities resemble last year's charges against the Czechs," he said. "The Polish statement has shown great clarity and self-restraint."

"Germany is now in a condition of complete readiness for war. At the beginning of the week the Germans began to move troops to the Polish frontier, and it became apparent that a crisis of the first magnitude was approaching, for which it was necessary to make emergency powers."

Referring to the Moscow negotiations, Mr Chamberlain said that the British military missions had received the most friendly treatment. The Moscow discussions had been progressing on the basis of mutual trust when the bombshell of the Russo-German non-aggression Pact was flung down.

"It came to us as the most unpleasant surprise. There had been rumours of an impending change in German-Russian relations, but no intimation had been received by the British."

The earlier announcement in the broadcast, said Mr Chamberlain, had been intended to protect the resources during the period of uncertainty. The public could best be served by a decreasing demand for foreign exchange and by not sending capital out of the country.

Mr Chamberlain said that the British Government would be in a position to leave on possible grounds for misunderstanding. He said that the British Government would be in a position to leave on possible grounds for misunderstanding.

FRANCE FEELS SURE OF WORLD WAR STARTING

BEFORE THE WEEK-END

TROOPS BEG TO MOVE TO THE FRONTIERS AND WHOLE COUNTRY IS BEING PLACED ON WAR FOOTING

United Press Association—Copyright. (Received Aug. 25, 10.15 a.m.)

Paris remains calm, but the Associated Press of Great Britain says France is preparing for war. It is believed that a second World War was almost certain before the week-end.

Troops have begun to move to the frontiers. All services are being placed on a war footing. The French Government has announced that it will not accept the pact.

Posters informing the public of this greeted early workers in the streets. Orders were also issued to police all over the country to leave their posts and to be ready to move to the frontiers.

KEEPING EUROPE GUESSING

By now it is abundantly clear that Germany's motive in
seeking a rapprochement with the Soviet axis is far larger
than the mere desire for the non-aggression pact.

It is a true fact that Herr Hitler appears especially to
have hoped for the non-aggression pact as a
means of strengthening the
anti-aggression front.

Those people who in quarters far away a joint
German-German accord should be desirable,
should put their minds at rest immediately, for evidence to
the contrary is not only abundant, but it is also
clearly shown that it is an attack upon us.
