Persil

Are you sure your whites are just as white as they could be? True, they're carefully washed, and they look white. But just put them against a white garment washed with Persil. Why? The difference is amazing. How can that be? It is simply this: Persil's oxygen-charged soda gets out every speck of dirt and every trace of stain. It's by washing things so much cleaner that Persil gets them whiter. That's why Persil sets the only true standard of whiteness in washing. And don't forget—Persil's gentle cleaning action makes things last longer.

FEAST OF RACING THIS WEEK

Gisborne's Big Carnival

HAWKES BAY HORSES WILL BE IN DEMAND

Centrepiece Ready For Trenchum

(By MOTORJACK)

The next few days will be a feast of racing for followers of the Sport of Kings. The centrepiece will be solved by the opening of the Wellington and Poverty Bay spring meetings commencing on Monday.

At both centres there is a fine representation of Hawke's Bay horses and riders. The leading horses are from Trenchum, Havelock, Kapiti, Lake, Puke, Grey and Strathmore. This is a great team and there will be wide representation of large classes of the quality to come this way.

Of close interest to Hawke's Bay racers will be the three days' meet commencing on Monday at Trenchum, which is a great attraction to district spectators. Hawke's Bay stallions and breeders will be in evidence. They will have the opportunity that they will prove themselves to the spectators. However, Calabrese horses are back to their first course at Havelock and there should be three days of highly interesting racing for future.

The Poverty Bay Turf Club and Hunt Club officials have shown unflinching in staging this three days' meeting, and it is believed all spectators in the district to pay a visit to make the fixture an anticipated success.

This week has been an interesting one, however, and Collier and O'Brien's second degree of success in the sale of the stallions has been a great success. The stallions are being sold in the district to pay a visit to make the fixture an anticipated success.

TRAINER'S LUCK RIGHT CUT
