RHEUMATISM and PAIN RELIEF

ASPIRO

THE main reason why 'ASPIRO' is so helpful in systematic Rheumatic Pain is because, after ingestion in the system, it is a solvent of Uric Acid, and a powerful germicide. 'ASPIRO' goes right to the root of the trouble and removes the cause of the complaint. The quantity of 'ASPIRO' to be taken must necessarily depend on the acuteness of the attack. It has been proved that from two to four tablets can be ease quickly in stopping pain in its various forms and only because of its germicidal qualities, but because, after ingestion in the system, it also acts as an anti-septic and an internal antiseptic. Always keep 'ASPIRO' handy, ready for any emergency where relief of pain is quickly desirable.

ASPIRO

Proved SAFE, QUICK & EFFECTIVE

A BRIEF, STRAIGHT FROM THE HEART, TRIBUTE TO 'ASPIRO'

Dear Sir,

I would like to state the benefit I have derived from 'ASPIRO' through its effect on my Rheumatism. As you know, I was in bed for several months, and it was only through the use of 'ASPIRO' that I was able to get up and about. 'ASPIRO' has done for me what no other medicine could do.

Yours faithfully,
Mrs. A. H. BOWELL.

Always Use 'ASPIRO' for

DAUGHTER HAD RHEUMATIC FEVER, DOCTOR ADVISED 'ASPIRO'

Dear Sir,

I had my daughter in bed for 21 weeks with Rheumatic Fever. I was advised to give her 'ASPIRO' and she was up and about in 14 days. I was so happy to see her again and she has never had another attack. 'ASPIRO' is a wonderful medicine and I highly recommend it to all who are suffering from Rheumatism.

Yours faithfully,
Mrs. A. H. BOWELL.

A LESSON TO NEW ZEALAND

There are two ways in which the people of a country may find advantages of war—first by the direct impact of war conditions, which may be beyond their control, and secondly by the experience of the other side.

It is unfortunate that in this country there has been a tendency towards such unnecessary or unprofitable reactions. But we should make it our slogan to 'carry on,' to continue in our ordinary lives and affairs, recognizing the necessity for adaptation to the new factors created, and resolutely refusing to allow fears or attitudes to take charge.

With a short period New Zealand will be celebrating its Centennial—an historic event which of us this day and generation have no right to slight because of the instability of Civilization, 1939, to live at present. The century that has gone into the making of this nation has given us the privileges and benefits which we now derive from fighting for, and we cannot be so foolish as to turn our backs on history and the things which we have as our precursors in our own problems.

Most of the critics of Hawke's Bay have decided to continue with their criticisms, and their decision reflects a healthy mood. And one feels that the opinion expressed at the meeting held in Napier last night in discussing the Centennial programme, "that it is to be hoped that the land will be followed by a more thoughtful regard for the modified 'things to be,' will be the fabled policy.

It is unfortunate that in this country there has been a tendency towards such unnecessary or unprofitable reactions. But we should make it our slogan to 'carry on,' to continue in our ordinary lives and affairs, recognizing the necessity for adaptation to the new factors created, and resolutely refusing to allow fears or attitudes to take charge.

Small Chance To Send Fruit Overseas WAR AFFECTS ALL MARKETS Industry Finds Government's Proposals Unacceptable MINISTER HOLDS MEETING

By Telegraph-Press Association. WELLINGTON, Oct. 31. "Under the war situation, New Zealand was faced with the possibility of having a European market for its export of apples and pears, and the United Kingdom Government has decided that it does not intend to buy any fruit," said the Minister of Finance and Marketing, the Hon. J. M. Gordon, when he was here today. The news of the fruit crop, in a national radio broadcast this evening. The estimated production of apples and pears in the current season was 3,600,000 cases, the Minister said. Last year it was 3,000,000 cases of apples and pears, including about 600,000 cases in the United Kingdom and some in Europe, the East and South America. This market was now in a very dangerous delicate position and the Minister would not be able to meet any demand.

On the local market, the quantity of apples and pears available was small. The Government had to restrict the quantity of apples and pears to about 1,500,000 cases, Mr. Gordon said. ROYAL CHIEF SHOULD WIN THE CUP His Form Is Outstanding W.F.A. PERFORMANCES ARE A GOOD GUIDE

(By MUTUAL). The final payment of £20 frightened very few horses out of the New Zealand Cup. Significantly from this spring he had disappointed, and Trotter had shown nothing in the form that merited his return; nor did other elements of the race seem worthy consideration. Twenty-two are left to battle for the £2000 prize and the first one of the leaders for many years will undoubtedly be Royal Chief. He has been a steady performer since he was first seen in the Melbourne Cup, and his W.F.A. performances are a good guide to his ability.

It will be a bold prediction, indeed, who would give a New Zealand Cup for the records show that the detractors of other Cup Stalls have had their mouths shut.
