MATERNITY BENEFITS IN OPERATION B.M.A. Concludes Agreement With Government DETAILS OF SCHEME

By Telegraph—Press Association. WELLINGTON, Nov. 3. The acting-Minister of Health (the Hon. H. T. Armstrong) announced to-day that an agreement had been reached with the Council of the Zealand Branch of the British Medical Association as the scale of fees payable from the Social Security Fund for medical services rendered in relation to maternity benefits, and that the scale came into force on October 7.

These determinations mean that the new scale for medical services rendered in connection with maternity, as provided in the Security Amendment Act passed at the end of September, is now being put into operation. The most important feature of the scheme is that it does not necessitate the making of contracts between the Minister and individual doctors.

The scheme provides that every female doctor who is qualified to attend women in connection with maternity, and who is not a member of the B.M.A., shall be entitled to receive payment from the Social Security Fund for medical services rendered in connection with maternity, on the same basis as if she were a member of the B.M.A. The scheme also provides that every female doctor who is a member of the B.M.A. shall be entitled to receive payment from the Social Security Fund for medical services rendered in connection with maternity, on the same basis as if she were a member of the B.M.A. The scheme also provides that every female doctor who is a member of the B.M.A. shall be entitled to receive payment from the Social Security Fund for medical services rendered in connection with maternity, on the same basis as if she were a member of the B.M.A.
