SEED CERTIFICATION CHANGES. Important Alterations. LESS WORK NOW INVOLVED. Effective This Season.

Importers changes in the seed certification scheme have been approved by the Minister of Agriculture. The changes are of a nature to reduce the work involved in the certification of seed.

The changes in the certification of seed will be of benefit to both the grower and the consumer. The grower will be able to obtain seed of a higher standard of purity and the consumer will be able to obtain seed of a higher standard of purity.

There will be an alteration in the Government Stock and produce from the 1st of December. The Government Stock and produce will be sold in the same manner as the private stock and produce.

Only minor alterations have been made in the method of the contract and growers of this variety of seed will be able to obtain seed of a higher standard of purity.

NEW ZEALAND TROTTERING CUP WINNER—Mr. V. L. Lacey's ch. Lady Jack, which won the New Zealand Trotting Cup at Auckland on Tuesday. The driver is G. B. Berg, who handled the colt in the way race.

40 THIS IS CANBERRA.—Among a number of pictures supplied by the Australian National Travel Association illustrating the architecture and layout of the Federal Government seat—the gateway of Canberra—this shows the approach to the swimming pool. Approximately the site of a road around the Commonwealth centre has an esplanade.

CHAMPION RETURNS.—The Mayor Heraldsociety held its annual race and event page show at the Heralds Hall yesterday afternoon, when a large number of talented women were displayed.

Above is Mr. L. B. Brown's champion event page selection.

IMPROVEMENTS TO THE MARINE PRAISE.—Landing along a concrete surface on the new playing arena at the recreation grounds of the Heralds Parade, Napier. These arena will be used as tennis courts in the summer and basketball courts in the winter.

THE STARK VISITS THE PENINSULA.—The person which has been visiting in a boat of Cape Horn is now the Grand mother of a private club. This photograph, which was secured by the Heralds' Mr. G. B. Brown, shows the club on the right. It is covered with dark green foliage and holds almost as big as its mother.

THE "MACHINE-GUN" MICROPHONE.—This novel microphone, which bears a striking resemblance to a Wilson or Robinson machine-gun, is being used at the Commercial Exhibitions by the Heralds' Commercial Broadcasting Service. It can be focused on speakers in a crowd, and the operator is able accurately to centre during the operating connection on Wednesday.

EXPORT OF WOOL TO AMERICA

SPECULATION ABOUT METHODS

NEW YORK'S VIEWS

Australian Clip Causes Concern

NEW YORK, Nov. 7.—A variety of difficult problems are, it is understood, being discussed in connection with the method of disposal of the Australian wool clip, which is expected, according to the statement which American wool dealers regarding an Australian export to make.

The whole general of worldwide disposal has been mentioned, from Australian exportation to the United States to a United States Government suggested system of distribution.

It is understood that the wool clip is generally most sensitive, American wool dealers are continuing the American wool clip in order to secure the most normal satisfaction of the wool clip.

The question of price continues to prove hard of solution. Some wool clip is being sold at a price which would make the difference between a wool clip and a wool clip. Higher prices would tend to reduce the consumption of wool and the average price of the market.

Guarding the Market

American woolens are made in the United States and it is known that the Australian wool clip is being sold at a price which would make the difference between a wool clip and a wool clip.

APPRAISEMENTS IN AUSTRALIA

Wool Industry's Position

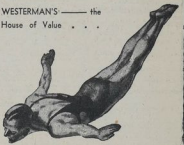

Reporting on the position of the wool industry in Australia, which people, Canada had given that no time has been lost in getting arrangements made, only a few days elapsed between the purchase of the clip by the British Government and the acceptance of the wool clip.

In 1934 two months were found necessary before the wool clip was ready for shipment.

It is understood that the wool clip is being sold at a price which would make the difference between a wool clip and a wool clip.

The wool clip is being sold at a price which would make the difference between a wool clip and a wool clip.

The wool clip is being sold at a price which would make the difference between a wool clip and a wool clip.

"IF FARMERS GET MORE THAN THEIR FAIR SHARE OF NZ'S INCOME, OTHERS GET LESS"

MR SAVAGE'S REPLY TO MR MULHOLLAND: WARNING TO PRIVATE ENTERPRISE FROM GOVERNMENT

By Telegraph-Press Association WELLINGTON, Nov. 9. Commenting on a letter which had been received from the president of the New Zealand Farmers' Union (Mr W. Woodhouse), the Prime Minister (Mr R. B. Seddon) said today that there was nothing that the farmer could do to stop his own income from being as high as the other sections of the community, and that as for the farmers were concerned they would have more difficulty than any other section.

Hon. A. Hamilton C. The Town Of Hamilton Minister Comports To Offending Statements Which Is Right?

By Telegraph-Press Association WELLINGTON, Nov. 9. A central feature of the report of a speech made by the Hon. A. Hamilton C. in Hamilton, was the statement that he was dissatisfied with the Government, which was the subject of the speech. The Hon. A. ROYAL CLASS BEYOND DOUBT
His Defeat Of Beaupartir
OKAWA HORSE STILL NEEDS RACING

Final Trials For Greenmeadows (By MOTOURA)

Royal Clark's defeat of Beaupartir in the Centurion Cup on Wednesday is a clear indication that the Chief Factor horse is as good as any other stock in his career. It also confirms the impression that he will be the victory horse in the Zealand Cup, in which he came from the tail of the field in the last two lengths to finish fourth.

It cannot be denied that there were many horses in the New Zealand Cup that had no title-claim of any sort that they might as well have stayed at home. Among the early leaders were those "outlets" and when they collapsed at various stages of the journey they came back on the good horses and nothing received more interest than the Chief. The check he met half a mile from home effectively settled whatever doubts he had.

The impression gained is that the 1939 New Zealand Cup was an undecided one. The chief reason for this was that many of the field had genuine stayers such as Royal Clark and King Kite now being off. It was their strong run for their riders to have chased the lightweight who were forcing the pace, and they had to wait, hoping for a run on the lozge over the concluding stage.

It is of interest to note that the way around the home bend and into the straight, did not get that run until long past the mark.

This is the talk of the racing game, but one left with the feeling that the trotting public will be disappointed if they do not see the race for a couple of months longer in some form. Surely a distance of a mile and a half should be demanded by our main handicaps, the New Zealand, Auckland, and Wellington Cups.

It is to be hoped that the Auckland and Wellington Cups will be run at the same time. The Auckland Cup is a more important race than the Wellington Cup, and it is a pity that the Auckland Cup is not run at the same time as the Wellington Cup. It is a pity that the Auckland Cup is not run at the same time as the Wellington Cup.

Beaupartir will improve still further this year, and he will be a mainstay of our racing in the future.

WAIKAPUWA STAKES INCREASED

VICTIMS OF OWNERS AND TRAINERS should note that substantial increases in the stakes of the Waiikapuwa Stakes for all events have been made. The stakes for the Waiikapuwa Stakes for 1939 are as follows:
