The Coming Storm of Nazi Atrocities in Prague

COLD-BLOODED REPRISALS

Nazis Vent Their Spite On The Youth of Prague

BARBAROUS SUPPRESSION

Over Hundred Students Shot Down Before The Eyes of Their Comrades

AMAZING STORIES OF BRUTALITIES

According to newspaper reports, amazing stories have filtered through to America of Nazi brutality and barbarism in Prague as the result of recent rebellious uprising of the Czechoslovakian people. The retaliatory measures of the Nazis have been directed chiefly against young men and women students of the Prague University and young children from high schools.

 NEW YORK, Nov. 22. The Prague correspondent of the "New York Times" says that a neutral observer from Prague gave the following account of events in Prague: "Three motorized columns of German State police converged on Prague on November 16. All student dormitories, both boys and girls, were broken into at 9 a.m. and without being allowed to dress the occupiers were tied together in threes and dragged away. Students' homes and lodgings were systematically searched and about a thousand were arrested. Students who resisted, or parents who tried to shield their children, were immediately shot dead and left, or the wounded were taken away without medical attention."
 Later in the morning, the observer stated, the university lecture rooms were entered and students and children were arrested. Several high schools were raided and boys and girls, aged from 12 to 15 years, were arrested. The university clinic was entered and all patients were expelled. Transport was provided only for those operated on during the previous night.

Why People Who Want Genuine Furniture Come to G. & F.

They realize of course that amongst the furnishings of today there are kinds they do want and kinds they do not want. The kinds that are 'Made to Sell' and which offer to the purchaser little other than a superficial appeal, are definitely unpopular. G. & F. productions are 'Made to Live'. They do not try their nature, but rather they try to make a permanent home for any man's money.

Second Phase Of The War Approaching

BRITISH EXPERT'S OPINION

Empire Air Scheme May Be Decisive Factor

FIRST ROUND TO ALLIES

United Press Association—Copyright. (Received Nov. 22, 11 p.m.)
 OTTAWA, Nov. 22. Captain Harold Gifford, of the British Air Mission, in a statement today said: "Evidently as the British aircraft are, even better than the German aircraft, it would have a practical effect when thousands of young airmen start to go to the theatre of war. It may well be the war's decisive factor."

"I should think of the possibility of Germany attacking internally is dangerous and likely to induce a slight disinclination effect. The Government has no illusions and is preparing for a long and arduous war, probably lasting three years. A simultaneous announcement of details of the Empire air scheme is expected to be made in London, Canberra, Wellington and Ottawa shortly."

"Some members of the air mission may remain in Ottawa to join the nucleus of an administrative organization. The first 10 British Bomber Command aircraft have been delivered to the Royal Canadian Air Force. It is a Canadian-made aircraft."

DEFENCE OF FREE SPEECH

Co-operative Offer Turned Down By Government

MR HAMILTON'S STATEMENT

By Telegraph—Press Association
 Wellington, Nov. 22.
 "It will become the Prime Minister to allow him to make a statement in an official newspaper of the Government in which the Opposition is invited to discuss the political work in New Zealand which is entitled to do," said Mr. Hamilton in his speech on the 22nd of November.
 "Mr. Savage can assure me that I will in no way stand for a further proposal to give speech-making to those who, instead of their being elected representatives of the people, are entrusted to speak arbitrarily or constructively at one or another time."
 "The Speaker says that what was offered during the last war is an offensive during the present war. If that is so, I repeat my earlier warning to the Government concerning the offensive influence against which the Government has endeavoured to guard. I am sure that the political and the public mind will be able to distinguish between the Government in which I am engaged here already being dissolved and published in organized ranks of the Government's own supporters. There is ample evidence of subversion elsewhere."
 "None of the political propaganda of the Communist Broadcasting Service would receive the sanction of the Government," concluded Mr. Hamilton.

Taurangi For The Wellington Cup

(By MOTOROLA)

The decision of the Wellington Racing Club to confer the acceptance lot for the Wellington Cup to horses that have won £200 in form or a staller value at £200 for cost, has met with approval.

The consensus of opinion is that the Wellington Racing Club has not reached the question from exactly the right angle. It is pointed out that the major governing race will provide Cupstakees (reservation to Yours Truly in the Cup and fill to Centropole in the Metropolitan) from starting topline who is a good race runner for the holiday.

On the other hand, the £500 objective value of wins allows a host of really poor race horses who have won several of the country's minor only "ham-bone" to be eligible for nomination. These horses, however, would be eligible to start in preference to young and promising animals who will be forced to stand down because of the fact that there are no fast distance races in the Dominion for them to win the Cup.

It is felt that the Wellington stewards would have reached a much more popular decision if they decided in favour of £200 to £40 or £200 respectively for the next few years but also have comprehended. It would be far better to draw a field of a dozen to custom really big-league colts to do battle for the big one, than a greater number made of "ham-bone" who will not get on the mile now governing the Wellington Cup.

There is no gaining that the top-class horses should be the chosen of Royal Chief, Arctic King and other favourites in the last NZ Cup and it has been felt that Auckland and Wellington for the next few years have also been comprehended. It would be far better to draw a field of a dozen to custom really big-league colts to do battle for the big one, than a greater number made of "ham-bone" who will not get on the mile now governing the Wellington Cup.
