FUHRER'S REICHSZAG SPEECH: "TRUCULENCE AND CONCILIATION"

"GERMANY WISHES PEACE, BUT BRITAIN DOES NOT SHARE CONVICTION" REICH CLAIMS FOR COLONIES AND DANZIG ROOSEVELT TAUNTED: DEMOCRACIES WARNED AGAINST INTERFERING

United Press Association—Copyright. (Received April 29, 1:30 a.m.) Herr Hitler announced in his speech to the Reichstag that he was communicating with Britain in an effort to have the "New Treaty" changed.

"On the other hand, the opinion prevails that no matter what conditions may be proposed by Britain will always be on the side opposite the Reich."

"The German official proposal for the voluntary restriction of naval armaments was based on the will and conviction that a war between England and Germany was impossible. This will and conviction is alive in me to-day, but England's policy, official and unofficial, leaves no doubt that this conviction is not shared in London."

"The British Government has announced its intention to go to war with Germany. It is not for me to say whether this is a just war or not. It is for me to say that I am a peace-loving man and that I am not a war-monger."

"I have never lost sight of the fact that the existence of the British Empire is inseparable from the existence of the German Reich."

"I do not believe that every country in the world is divided into the white and the black."

"No section of the country was more freely recruited than the Labour Party to resist any disposition, whether by Herr Hitler or anyone else, but the Labour Party was opposed to the introduction of conscription, because it believed that it was a step towards a more authoritarian Government."

"The Labour amendment was defeated by 380 votes to 143."

UNIQUE SCHEME FOR PEACE PLANNED Roosevelt Asked Dictators To Meet Him At Sea HITLER'S REFUSAL

United Press Association—Copyright. (Received April 28, 12:15 p.m.)

"The Washington correspondent of the 'New York Times' in an exclusive statement, says that President Roosevelt intended to invite the dictators to meet him at sea near neutral island."

"The purpose was to learn at first hand the dictators' terms for peace and propose to offer his services as an intermediary. It was suggested on behalf of the President that each of the three heads a naval vessel and convene privately together for an unprejudiced conference."

"It is difficult to determine the fate of the other two heads, but it was probably because the Bay and the Atlantic Ocean were just before the speaking launch of the President."

"The correspondent adds that the dictators were to be invited to meet him at sea near neutral island."

Fifty Snakes For Film "Gunga Din" Property Character's Headache

The largest location set ever constructed outside of Hollywood for a motion picture was cranked on the base of Reddy's 250-foot tower from the "Coca-Cola" capital, for RKO's "Gunga Din."

Using nearly 200 packmen and technicians to move thousands of tons of material, two-thirds of the film depicted India's Hindu Himalayan range and the jungle life of the region.

The scenic work included a large field of 100,000 square feet of bamboo, and a huge Hindu temple serving as the headquarters for a tribe of religious fanatics known as the "Koolahs." It is an exciting of "Gunga Din" adventures, Cary Grant, Victor McLaglen, and Douglas Fairbanks, Jr., portraying three army sergeants stationed at a British colonial outpost, have the roles.

One of the spectacular highlights of the production is a battle between the natives and the British soldiers. For this fierce conflict, Harold Sibson, head of RKO Realty's property department, was required to obtain the following unusual locations typical of the turn-of-the-century period:

CALL FOR MORE RACES FOR FILLES Breeders Now Penalised SHORT-SIGHTED POLICY NEEDS A CHANGE

New Raceway For Poverty Bay

(By M. O'ROURKE)

Far too little is done in New Zealand with regard to the classification of our gallopers, and the worst type in the racing game makes the most disadvantageous under-achievers...

The handicap race at certain periods of the year cannot be regarded. Yet the fact that we profess from season to season gallopers of the weaker sex who are able to show their difficulties to down the dignity of openweight gallopings...

Your other boy, the National Yearling Sells at Teasdale, however, show their characters of being well-bred fillies and the girls are not so numerous as they are even more pronounced in the Dominion than in the case in Australia...

The fact that there are so many race exclusives for the filly class but at almost the same non-paying value as the colts. Where the truth do come in when the Harrocks' best are pitched to battle for supremacy in those great classics—the 2000 Guineas and the Derby—both run well by the colts...

1939 about 12 miles a run on the 1000-day limit. The 1000-day limit will allow us to have 11 miles or more...

However, in the past a dam race was held at the same time as the same race, but the filly race has been dropped since the war...

There is a great deal of talk about the possibility of a new raceway at Poverty Bay. It is a very good idea, and it is one that should be given the most serious consideration...
