ALEXANDRIA, June 12.

The Allies are reported to have occupied Sidon and then advanced to Hasbeiya from Merjiyun, and also to be pushing on the east from Kiswe. Vichy accounts of heavy fighting are described as grossly exaggerated, presumably in an effort to stir up anti-British feeling. The main points of resistance have so far been at Litani and just north of Metulah, including Merjiyun. The resistance has also been considerable at Damascus, where the Allies are battering the defences

A Cairo report states that the Allies are in the southern suburbs of the capital.

Vichy does not admit that Sidon has fallen. The defenders are said to be entrenched in orange groves round the town and meeting continuous Australian attacks supported by tanks. A battleship, two cruisers and five destroyers have been shelling the town incessantly for three days.

Semi-Official circles in Ankara assert that the Allies occupied Damascus, capital of Syria, late to-day. There is no confirmation of this yet from London, where it is stated that fighting is proceeding in the outskirts, in which the main Vichy forces are concentrated.

forces are concentrated.

"In Syria yesterday," says to-day's communique from British General Headquarters at Cairo. "the Allied forces made further important progress in all sectors. Misled by incorrect information regarding the objects of our penetration, the Vichy troops are offering resistance in certain areas, obliging us to use force to prevent obstruction to our advance. When these men have been overrun, many have expressed sympathy with the Allied object of preserving Syria from German penetration."

Nearing Damascus.

Nearing Damascus.

Competent commentators in London (according to a British Official Wireless message) say that the advance along the coast road is continuing and that our forces are on the outskirts of Sidon. The column advancing farther inland is approaching the outskirts of Damascus. It is pointed out that Vichy, either at the insistence of Germany or on its own account, appeared to either at the insistence of Germany or on its own account, appeared to be exaggerating its losses—possibly with a view to embittering the struggle. Obviously, it is in the German interest that Britain and Vichy should become embroiled in war, and one way of ensuring this is apparently to exaggerate the Vichy resistance and the bitterness of the fighting.

#### Regent DRAMA, "THE MORTAL

STORM" Looking at history in the present rather than the past tense, "The Mortal Storm," a thrilling document of current world affairs, is now showing at the Regent Theatre,

With an all star cast headed by Margaret Sullavan, James Stewart, Robert Young and Frank Morgna, the dramatic new offering, based on Phyllis Bottome's best seller novel, brings to the screen ample food for

The story deals with the experiences of a family "somewhere in Europe," who become a house divided as a result of political dissen-sion. It is dramatic, simply told, ef-fective. It is the picturisation rather than the fictionising of daily head-lines, presented with no more fana-ticism than the report of a foreign correspondent.

As the daughter of the family, Freya Roth, Miss Sullavan turns in another sterling performance. Her treatment of the character is symmetrically and consider the same may pathetic and genuine. The same may be said of James Stewart as Martin Breitner. Stewart's expert hand-ling of a difficult assignment puts him in line once again for an

RICHARD DIX, "THE INDIAN NATION"

"The Indian Nation," the Paramount picture which is now screening at the Cosy Theatre, Hastings, to-morrow, starring Richard Dix, is an historic romance of the settling of the west. The story concerns the feud between two clans of Texas cattle ranchers, the Lovells headed by Dix and the Barretts, headed by Victor Jory.

After signing a truce the Barretts move to a border town on the Cherokee Strip where they continue their outlawry, one opening a bank, another a saloon and a third runs a gambling house in the Strip. Dix is appointed United States Marshal for the town to restore law and order.

"Melody and Moonlight," surely the prime ingredients of romance, are admirably incorporated in Republic's merry, modern musical of that title, which is the second feature.

Johnny Downs, of twinkling feet fame, always a favourite with screen audiences, is right at home in his role as the poor but ambitious dancer who dreams of seeing his name in electric lights while he plugs away at the mundane task of earning his living by working as bell boy in a large metropolitan hotel.

#### "TALL, DARK AND HANDSOME"

"Tall, Dark and Handsome," now showing at the State Theatre, Hastings, has laughs, excitement, romance, grand music and a topnotch featured cast headed by Cesar Romero, Virginia Gilmore, Milton Berle-and Charlotte Greenwood.

Funny as it is throughout, the new film has rip-roaring drama, and a fine romance between suave Cesar Romero and lovely Virginia Gilmore, newcomer who appears to be going places fast on the screen. With emphasis on the unexpected, "Tall, Dark and Handsome" is a real entertainment package.

entertainment package.

Things start happening with the rapidity of Tommy-gun fire when the dapper, big shot gangster, Cesar Romero (who hasn't the heart to Romero (who hasn't the heart to kill), is attracted to comely Virginia Gilmore, a department store nursemaid. Posing as a "father," Cesar induces Virginia to take a job as nursemaid in his palatial home.

Cesar is taken for a "ride" . . . but lives to watch his own funeral! All the men he has "rubbed out" come to life and in a madcap finish he gets his adversary put behind

Bert Bailey has made four pic-ires for Australia's Cinesound tudios, and the latest, "Dad Rudd,

Whilst the underlying motif of "Dad Rudd, M.P." is necessarily comedy there is much more to its entertainment appeal than guffaws around the cowshed. A note of national importance is struck by the introduction of the problem of water conserva-

The cast was carefully chosen and, for the most part, the Rudd Family remain identical to the former series. Under the paternal wing of the be-whiskered Bert Bailey, there are Mum (Connie Martyn); Dave (Fred McDonald); Joe (Ossie Wenban); Sally (Valerie Scanlon) and his eldest daughter, Ann, played by Yvonne East.

ROMANCE

The same sensational situations, the same wealth of emotional drama which made Fannie Hurst's great novel, "Back Street," one of the outstanding novels of the day, have been captured and put on the screen in the picturisation of the story. been captured and put on the screen in the picturisation of the story, which is now screening at the Regent Theatre, Napier, according to the multitudes who have read the book and also have seen the picture. Starring Charles Boyer and Margaret Sullavan, two of the most glamorous figures of the modern screen, "Back Street" was directed by Robert Stevenson, brilliant young English novelist. The story of the picture covers the period young English novelist. The story of the picture covers the period from 1898 to 1930, with Cincinnati, Ohio, New York and Paris as backgrounds. Miss Sullavan is seen as Ray Smith, the girl who is content to live in the back street of the life of a wealthy and successful man, sacrificing herself unselfishly to help him in his world-famous career.

#### Mayfair

DRAMA, "SATURDAY'S CHILDREN"

"Saturday's Children," now showing at the Mayfair Theatre, Napier, is a real-life story of young love on a budget, starring John Garfield and Anne Shiriey. They are married, with high hopes and hearts, and two jobs. But the wife soon loses her job, and then begins the struggle to get along on twenty dollars a week. Some of the bright edges wear off under the economic stress, and their marriage comesclose to the breaking point, until both learn a few lessons about what it takes besides love to make a marriage tick. Claude Rains plays the role of the girl's father.

The associate feature, "King of the Sierras," stars Red the Wonder Horse as the leader of a roving band of horses threatened with extermination.

COMEDY, "THE NAVY STEPS OUT"

Designed for laughter, the story of "The Navy Steps Out," now showing at the State Theatre, Naof "The Navy Steps Cut, showing at the State Theatre, Napier, follows a new pattern with highly satisfactory results. George Murphy, Lucille Ball and Edmond O'Brien are featured in the title roles, Murphy casting aside his dancing shoes to do a comedy role as a sailor who wants to get married but can't quite make up his mind to say good-bye to the Navy. Lucille Ball's heroine is sympathetic; it's easy to understand why she is in love with both men because the snob, played by Edmond O'Brien, is a swell guy after he's been humanised by the girl and the sailor. Not until the ceremony is about to start does the sailor realise how matters stand between his girl and his friend, providing a surprise climax.

AT WOMEN'S CLUB Visit Paid To Patriotic

INTEREST IN WORK

Depots

The reception rooms of the Hawke's Bay Women's Club, Napier, were fragrant with bowls of lovely flowers, yesterday morning, when members of the club entertained her Excellency, Lady Newall at morning tea. Scarlet poinsettias, luculia, stylotis and daphne were used as decoration for the entrance foyer and lounge and iceland popples on the tea tables.

On arrival her Excellency, who was accompanied by Captain H. G. Helmore, was received by the president of the club, Mrs R. D. Kettle, and was later presented with a dainty shoulder spray of natural flowers by Mrs Kettle's small daughter, Caroline.

Lady Newall was wearing a pretty floral frock under a smartly tailored black coat, cherry shaded felt hat, and silver fox furs.

Mrs Kettle looked smart in a tailored grey suit, grey hat and grey fox furs.

### INCREASED SUGAR INDUSTRY

**Encouraging Figures** From England

An encouraging picture of the home sugar industry was given by Sir Francis Humphreys, chairman of the British Sugar Corporation, at the annual meeting. Farmers last season produced the record average yield of 10.14 tons of beet per acre, compared with the average of 8.75 tons for the past 10 years. In spite of exceptional frost, that often made lifting difficult, and in spite of transport difficulties, 99.5 per cent of the crop was delivered.

port difficulties, 99.5 per cent of the crop was delivered.
But the crop gave us more than sugar at a time when the need for home supplies was greatest. It gave us also 300,000 tons of dried and molassed sugar beet pulp, equivalent in feeding value to oats, and 3,000,000 tons of crowns and leaves, that ton for ton are of higher feed. that ton for ton are of higher feeding value than turnips, swedes and mangolds. This saved the country additional shipping space and foreign exchange, as well as saving us the high cost of insurance and convoving.

Lady Newall was taken to the Patriotic Women's Service Corps depot and the Lady Galway Patri-otic Guild depot, where she inspected the grading of wool, parcels packed for the soldiers serving overseas and clothing made for the homeless in

#### THIS WEEK'S RECIPES

#### Fish Served In Various Ways Provides A Welcome Change

FISH may be cooked in such a number of different ways according to the kind of fish and the tastes of the family that every housewife acquires her own special recipes whether they be for frying, boiling, steaming, grilling or baking. There are, however, various recipes which can be applied to quite a number of different kinds of fish and no doubt many housewives will welcome a few suggestions for such dishes.

Take some cold cooked fish, curry sauce and boiled rice.

Method: Make a white sauce and flavour with curry powder. Remove the skin and bones from the fish and flake into large pieces. Mix with the sauce. #### MAY INSTITUTE MEETINGS

Splendid Programme Enjoyed

At the Bay View Women's Institute meeting the motto for the month was, "Books hath power to charm the heart and purify the soul," and it was read by Mrs A. McHardy, who presided over a good attendance of members.

A vote of sympathy was passed to Miss P. Blair and her family who have recently lost their brother on active service overseas.

Letters of appreciation for the splendid selection of books sent by the library committee to the military camps were received. It was pleasing to hear that a local boy, when selecting a book in a ship's library, found he had selected one presented by the Bay View Women's Institute.

Two new members were enrolled. It has been decided to hold a social evening at some future date, members of the Drama and Singing Circle to provide the concert items.

The Institute's newest baby, Bernard Hunt, was presented with a Post Office Savings Box.

Mrs McHardy read the library secretary's report which was very gratifying. Five cases of books had been sent to military camps and a large number of new books had been purchased during the year. The library is open between 7.30 and 8 p.m. on Tuesday evenings. The following sub-committee for the library was selected for the coming year: Secretary, Mrs V. J. McHardy; librarians, Mesdames A. McHardy and Stratford. A hearty vote of thanks for splendid work well done over a period of several years was accorded Mrs Mandy, who has retired from library duties.

A very much appreciated talk on books and their origin was given by Mrs Collett, who also read several poems of outstanding quality which she herself had composed. Her talk was ended by the quoting of Robert Southey's words: "It is more delightful for me to live with books than with men."

A competition whereby members had to be dressed or wear some.

#### The Letterbox

Pipkin, Hastings: Yours was a good budget this week, Pipkin, and you will see that you gained a very good number of marks for it. I was so glad that you did both the competitions and thank you so much for the drawing, the verse and the limerick which I liked very much and hope to use as soon as I possibly can.

Professor, Whakatu: I shall take a tremendous interest in the silk worm eggs, Professor, and I do hope you will be very careful with them and tell me as soon as they are hatched. It must have been good fun to go out shooting with your father. I am interested in your Australian pen-friend so please tell me some more about where he comes from.

Cherry Blossom, Hastings: Well, I do wish something tremendously exciting would happen to you, Cherry Blossom, and then you would have lots to tell me and I would find it easier answering your letter, too. However, I was glad you did the riddle-me-ree and that you had such a good try with the competition.

good try with the competition.

Isla Read, Hastings: Yes, you can choose a pen-name anytime you like, Isla, and it makes no difference to your marks. So if you think of something good just tell me. When I give you a rather difficult competition like last week's I do not mind if you get some grown-ups to help a bit as long as you learn the words as well. I am tremendously interested in your war efforts Committee so please tell me lots more about it.

Clare, Hastings: Just look what splendid marks you received this week, Clare, and I was only sorry to see that it made you just one mark short of your 25. Mabel, Hastings: By now you will have your badge quite safely, Mabel, and I do hope that you are pleased with it. Yes, Tinkerbell, is getting on very well with her marks. I am glad you did the competitions and I thought the two little drawings you sent to me were good.

Your letter this week arrived at the very last moment and I am afraid it was too late to include your marks in the honours. However, I have given you six and perhaps you will win your badge next week. I would prefer you to write your letters at the week-ends but thank you for all you sent me.

Hinemoa, Napier: I do like the sound of your geography class at school, Hinemoa, because I always liked this subject especially much so please tell me lots more about it and let me know if ever I can get anything for your help. I am glad that you have been enjoying your games of basketball. Thank you for the drawings and I was pleased that you made your envelope.

Pauline Jones, Clive: I have just been telling other Playmates that I like you to do the competitions first of all Pauline, and as you did yours very well I can understand that you must have spent a lot of time and been very busy looking up the words Perhaps next week you will have more time to write.

# Pam's Letter

Dear Girls and Boys:

This week I have decided to give you a competition similar to the one we had a long time ago, that is, to finish a limerick. Now you all know that a limerick has five lines. The first, the second and the last are the same length and these three must rhyme. The third and fourth are shorter lines and they rhyme with each other but not with the other

These are the two first lines and I want every single Playmate to finish the limerick for me:

There was a young man of Gravesend, Who borrowed a car from a friend— I will give marks according to how good your answers

are and all the best ones will be included in our Page next week. So please, everyone, trv very hard.

Once a merchant, a barber and a onle a merchant, a barber and a bald man were travelling through a foreign country where robbers would rob and murder any travelers they could surprise.

Every night each man would have his turn at watching. The barber had first watch, then the merchant and lastly the bald man. When the

barber had nearly finished his watch, being very fond of a joke, he prop-ped the merchant up and shaved off his hair. He then woke him and waited patiently to see what would happen. Popeye, Hastings: I really was most terribly sorry that your letter never reached me last week, Popeye. How mean of someone to promise to leave it and then forget all about it. I shall allow you two extra marks because of this and if by any chance it does arrive I will mark it as I would have done last week. You made a very good try at the competition and I wonder if you forgot to send me the riddleme-ree answer.

Shirley Sutherland, Napier: I am very pleased indeed to welcome you to our Playtime Club, Shirley, and am so pleased that you have heard good things about the club. I think that the word you couldn't spell in your letter was anxious and I, too, am anxious to see you gain 100 marks and win your prize.

Bub, Hastings: What is this lodge that you wrote about, Bub? I should like to hear more about it and all about the social you are going to have at the end of this month. Thank you so much for the drawing and all the other things you sent me this week.

SATURDAY, JUNE 14, 1941. THE IMPORTANCE OF FREE DISCUSSION

The debate on the Imprest Supply Bill in the House of Representatives on Thursday night served one good purpose. It gave members on both sides the opportunity of letting off steam. They engaged in a free and full discussion on a wide range of topics connected with the war, the policy of the Government and a variety of matters of more or less importance. Through the broadcasting system members were able to reach all who cared to listen, and the kind of impression they created depended on their own ability to talk intelligently about the things which were exercising their

In debates of this kind much is said which might be put differently or left unsaid with advantage, but less harm results from even ill-considered criticism than would be done by the suppression of criticism altogether. Intolerance of criticism and attempts to suppress it on the pretext that it might be cited by Dr. Goebbels as evidence of disunity are dangers to be guarded against. Either might serve as a smoke screen to cover up serious mistakes and defects in policy and administration.

policy and administration.

We may not always share another person's convictions and he may have a poor opinion of ours, but each of us is entitled to credit for sincerity and after all neither may be wholly right—or wrong. Because there is disagreement it is hardly fair to suggest, as the Hastings Returned Soldiers' Association did in a resolution this week, that the Hon. W. Barnard's views, expressed from the public platform "savour of subversion." There was nothing subversive about them, any more than there is anything "subversive" about the criticism of Colonel Knox, Secretary of the Navy in the United States, that the defeat in Crete was due to the lack of a unified command. of a unified command.

The more plainly the truth is told the public, the better chance there is of an informed public opinion developing that will prevent a repetition of mistakes and lead to greater

efficiency in the prosecution of the war and in public administration generally. Reviewing the debate, the thing that will strike those

who listened in, was the absence of constructive suggestions as to how a greater war effort could be made, or in what way the existing organisation of the country on a war footing could be elaborated with advantage. Differences of opinion on matters such as the number of racing permits, the utility of mounted troops, the time lost through strikes in industry and similar matters were freely ventilated, but few of the participants in the debate ventured any opinion as to whether the conscription of manpower was being properly proportioned between the requirements of the Army overseas and the forces for home defence, not to mention the relationship of both to the maintenance of production. With the exception of the Member for Patea, there was

little in the way of criticism of the methods and administration of our war department. Changes are pending in the High Command, and for some time past the air has been thick with stories of inefficiency, waste, overlapping of effort, red tape and lack of co-ordination amongst the various branches of the Defence Department. A good deal of this is, perhaps, inevitable because of the great difficulties the Government had to face in extemporising at short notice a vast organisation to train and equip an expeditionary force and make provision at the same time for a large measure of home defence, but the public would like some evidence that these difficulties are being overcome, and that the right men are

Another matter on which there was room for criticism and analysis is the relationship of national production and income to the present and projected war expenditure.

The Bill before the House was one providing for sup-

plies for three months, and proposed an expenditure of £11,954,000. Members preferred to discuss all kinds of extraneous matters rather than seek or provide enlightenment as to whether the maintenance of expenditure on this scale is possible. So far the country has been able to carry the burden without staggering. How much of the money is coming out of current production and how much represents a dip into the savings from past productive effort is a matter of very considerable importance, and when the Budget is introduced in a few weeks' time, Members should insist on being furnished with details that will make the position much

clearer than it is at the moment.

With these reservations it can be said that the debate served a very useful purpose. There were a few sharp exchanges between Members on opposite sides, but the general tone of the discussion was earnest and sincere and in keeping with sound Parliamentary tradition.

#### TWO ADVANCES

The cleaning up of the last remnants of Italian resistance in the former Italian colonies in eastern Africa is going ahead very satisfactorily. This has resulted in the accomplishment of one of the main objects of British strategy in Africa—the transference of large forces from the east to the north with a consequent consolidation of the front.

If it is possible to complete the occupation of Syria in a reasonably short time, the Allies will hold the entire Mediterranean coastline from the borders of Libya in the south to the frontier of Turkey in the north. Such development would leave the Germans with only two courses open-assuming that they intend to carry on the campaign in the Near East. The first would be a direct attack on Syria, Palestine, and Turkey. Neither of these possibilities offers the chance of Turkey. Neither of these possibilities offer the chance of another swift victory,

Napier Airman

During his inspection of the Napier harbour works yesterday the Governor-General (Sir Cyril Newall) stopped for a short talk with a Harbour Board employee, Mr C. F. Gannaway, whose son died of wounds received on air operations. Sir Cyril was very interested in the young pilot's career, and expressed his regret at his death. When he entered camp last year, Sergeant-Gunner Eric Gannaway was 21 years of age. At the time of his death he had taken part in more than 30 raids and had earned a citation for a commission.

One other thing that I am sanguine enough to believe, with other folk in the Dominion, is that every hotel should be closed for the sell-ing of liquor on Saturday afternoons. Why should every other shopkeeper or vendor of articles, whose expenses are just as heavy as hotel-keepers, and whose wares do not show one quarter the profit, be compelled to close at noon on one day in the week, leaving one shop and one shop only (the hotel) to have the chance or right to all the spare money on that particular afternoon? I believe that if a vote were taken on this matter it would be carried unanimously and a great many of those who spend their money now in that only shop would vote to have it closed on that particular day.—I am, etc.,

"Our schools are making a magnificent contribution to our great patriotic work to provide comforts for our gallant saliors and soldiers and airmen overseas."

Although far from the heart of the Empire, said Mr Edmundson, the loyalty of the country was not less because of the distance. New Zealand had been paid a compliment in having its Governor-General chosen from such a body as the Royal Air Force.

Basis of Citizenship

Mr Ken Hoare, of the Justice Department, regularly visits 13 of the prisons showing pictures, which are sometimes interspersed with items provided by local talent. Mr Hoare said, before showing his films, that the pictures shown were up-to-date and dealt with educational, travel, topical and humorous subjects, and his visits were appreciated by the prisoners.

The work done by the prisoners was allocated according to the ability and aptitude of the men, and many of the requirements of the prisons, such as boots, clothing, etc., were supplied by the prisoners. A very good floor polish was manufactured for various stores.

#### DIFFERENCES BETWEEN SHOWMEN

Little Chance Of Reconciliation

The opinion that there was little chance of reconciling licensed and unlicensed showmen was expressed at yesterday's meeting of the Hawke's Bay A. and P. Society. The Marton A. and P. Society is recommending that the royal society convene a meeting representing the two vene a meeting representing the two factions and the A. and P. associa-tions to learn whether a ground for settlement of the present differences can be found.

Two years ago the showmen met at Palmerston North, but no agreement could be reached said the president (Mr C. K. White).

"The whole thing has been rather unfortunate," he said. "Last year this cost us about £100 in receipts. I do not think it's any good having a conference; these people will never agree."

If possible, some amalgamation should be made, said Mr A. M. Robertson. The public wanted enter-

ainment and it should be provided

for them.

"When we submitted to this licensing we knew what it meant and we will have to face the music or revoke the whole thing," said Mr D. J. Holden. He was of the opinion that no good could be achieved by holding a meeting.

It was stated that when licensing to be wreen was adopted Australian

#### Recreation For ALLEGATIONS REGARDING A "CASTLE IN SPAIN"

#### Napier Bankruptcy Inquiry Follows Disclosure In Letter

Allegations of the existence of undisclosed assets, subsequently described as a mythical "castle in Spain," were investigated by the Official Assignee (Mr W. Harte), when Vivian Nesbitt Hawke, a bankrupt agent, appeared before Mr J. Miller, S.M., in Napier.

The inquiry was the sequel to a letter written by Hawke to one of his creditors' employees two days before the creditors' meeting and disclosed the day after the meeting. When Hawke was originally examined, he said that the assumption that he was in receipt of a "remittance" had been a standing joke for some time. Yesterday, the bankrupt said that he was of the opinion that there was still money

in the estate in England.

Examined by the Official Assignee, Hawke said that he filed his petition in bankruptcy on May 23 and was examined by his creditors on June 5. At that examination he admitted that he was interested in an estate which had been wound up about nine years ago.

The English estate was handled by the bankrupt's uncles and he had received payments of £214 during the past 20 years. Yesterday, said Hawke, his counsel was informed by the Public Trust Office that the estate was closed.

Mr Harte: The truth of the matter is that you exploited your creditors with this mythical "castle in Spain"?

Tell-Tale Letter.

Mr Hawke admitted that a letter, which was produced by Mr Harte, had been written by him two days before the creditors' meeting.

"Mr Dunn impressed upon me that I could not pay anyone at the present time," said Hawke.

Questioned as to what he meant by the phrase "when I can get the cash out," in the letter, Hawke said he meant "when he could get the money from his father." The remark "burn the thing or I will get hung" was a joke.

"You seem to be very fond of joking remarks," commented Mr Harte.

Mr Harte: You thought you could have avoided filing?

Hawke: That is if my father had paid. The letter meant that I was

## FLOWER SHOW A **PROBLEM**

PROPOSAL "TOSSED" **AROUND** 

HASTINGS CHOSEN

Inter-Town Co-operation

A somewhat peculiar situation arose at a meeting of bodies and organisations convened to discuss the possibilities of holding the annual conference of horticulturists in conjunction with the national flower show in Hawke's Bay next year. The meeting was held in Napier last night.
Although the meeting was of the unanimous opinion that the show should be held in Hawke's Bay, neither the Napier nor the Hastings representatives were prepared to hold the event in their respective towns.

towns.

After extolling the suitability of both towns at some length, Mr E. S. West, a Napier man, proposed that the conference should be held in Hastings. The motion was seconded by Mr S. P. Spiller and carried without dissent.

"It has long been my ambition to have the conference in Napier," said the superintendent of the Napier Borough reserves (Mr C. W. Corner), "but we must give consideration to our sister town.

"They have one of the finest parks in New Zealand at Hastings and have contributed much to horticulture. I look upon the national flower

ture. I look upon the national flower show as an education, not so much to enable us to beautify parks, but to educate people to beautify their own homes.

Value of Conference

"It was only by a free exchange of views that we learnt of the sucess of each other and I would in deed be sorry to see the show held anywhere but Napier. At the same time I would be sorry if the show was not staged to its best advantage.

was not staged to its best advantage.

Magistrate's Question.

Mr Miller: Is this letter to be treated as a joke?

Hawke: Parts of it are. That was a private letter to a friend.

Mr Harte: Whose job you had placed in jeopardy.

Hawke: For years it has been a joke that I have been getting money from Home and the letter to Mr—is correct.

was not staged to its best advantage.

"Hastings produces the finest roses in the Dominion and could, perhaps be encouraged to look after that section of the show if it is held in Napier," he continued.

"Wherever the show is held, I shall do my best to make it a success, and although I would like to see it held in Napier, I will pull no strings," said Mr Corner.

Mr E. S. West expressed the opin-

no strings," said Mr Corner. Mr E. S. West expressed the opinion that production of the show was

ion that production of the show was bound up in the question of accommodation. From the information before the meeting it was obvious that the show could not be given justice in Napier.

Mr S. Asheroft said that the show should be held in Hawke's Bay and he pledged the support of the Hastings Borough Council, although he felt that the show should be held in Napier. He did not think that the meeting could afford to gamble with the show. It must be arranged to its best advantage.

"All I am interested in is that the show should be held in Hawke's Bay," said Mr T. W. Hercock, who presided. "Whether it is held in Napier or Hastings is immaterial."

Unstinced Co-operation

"I would not like the meeting to think that Napier is not keenly interested in holding the show," said the secretary of the Napier Horticultural Society (Mr A. Giles).

Mr West said that the available floor space in Napier was totally inadequate and quoted the experience of ordinary sl. ows in support of his remarks.

### Parochialism Is Denied

REMARKS DEPLORED

Allegations of the existence of "parochial jealousy" between Napier and Hastings interests in fixing the venue of the national flower show, made by Mr E. S. West at a meeting in Napier last night, were strenuously denied by the Mayor (Mr T. W. Hercock).

Mr West's statement followed a discussion on the merits of both

that will not admit that it is the show, and not the town, that matters," said Mr West.

"I don't like the sting in the tail of Mr West's remarks," said Mr S. P. Spiller. "It has been said that the show is to be held in Hawke's Bay, and whether it is held in Napier or Hastings it will get my support."

"Argument Not Wanted"

"Argument Not Wanted" "The Hastings Borough Council has made its arrangements on the assumption that the show will be held in Napier," said Mr S. Ashcroft. "We don't want any argument on these lines. The show should be held where it will be of most benefit, irrespective of any consideration for either town."
"I thought that we were well on

"I thought that we were well on the way to erasing this Napier v. Hastings argument," said Mr T. W. Hercock. "This kind of talk only tends to open old wounds and, as Mr Maddison has said, I would like to see Napier and Hastings joined by a long string of houses. There is absolutely no suggestion of any feeling between the towns on this question. If Hastings is the only town that can make a success of the show, then by all means hold it there."

Momen Recruits Wanted

Recruits are wanted for the Women's War Service Auxiliary at Napier, and a drive to secure additional members is to be made next week. The organisation is devoting many activities to the war effort, and a land army for increased vegetable production in Napier is a prominent aim. Wool is needed for spinning for patriotic purposes and farmers are invited to make contributions. Blood donors are wanted, and volunteers are required for young women to train in Plunket work.

Another speed coursing meeting will be held by the Northern. Grey hound Association at League Park, Napier, to-day. The public will have an opportunity of seeing the 1939 and 1940 Waterloo Cup winners, Dainty Footsteps and Betty Micawber, in action, and as added attraction Mr E. B. #### Two Inquests At Hastings On Victims Of Shooting Accidents

Criticism of a youth inexperienced in the handling of firearms "meddling about" with a shotgun which discharged and fatally injured a 15-year-old youth, Ralph Allan Pedersen, at Pakowhai, was expressed by the district coroner (Mr George Ebbett, J.P.) at an inquest at Hastings yesterday.

A second inquest was held on 18-year-old Ian Osborne Duncan, also killed by the accidental discharge of a shotgun, when a party was returning from a shooting expedition at Havelock North. In both inquests the coroner found that death was due to

the accidental discharge of shotguns. "The usage of firearms is always dangerous, no matter how experienced the person may be," said Mr Ebbett. "Shotguns are always a source of danger, but when it comes source of danger, but when it comes the source of danger is always a shot from the gun held by Melling and Pedersen fell to the ground.

Review

HAWKE'S BAY AFFAIRS

"Taking all things into consideration, the past year has been a very satisfactory one," said the president (Mr C. K. White) at yesterday's meeting of the Hawke's Bay A. and P. Society. There was a good attendance at the meeting and plans for the next show are being made.

The secretary of the Southdown Sheep Society of New Zealand advised of a donation of a medal for

The procedure for the nomination of delegates to the annual meeting of the New Zealand Meat Producers' Board was conveyed by the secretary of the board.

Appreciation of the co-operation afforded by Mr W. A. Tod, representing the society on the Central Hawke's Bay District Committee of the Young Farmers' Clubs, was expressed in a letter from Mr J. W. Palmer, district secretary of the New Zealand Federation of Young Farmers' Clubs. The hope was expressed that Mr Tod would be nominated for a further term.

A two-hour programme of talking films will be presented in Hastings on August 14 under the auspices of the Tairawhiti District Pig Council and the Department of Agriculture. The subjects to be dealt with are the reproduction of mammals, heredity, the life cycle of the blowfly. The society is to give all co-operation to the showing of the films.

A recommendation by the Masterton A. and P. Association that the eastern and western district councils of the Royal Agricultural Society be amalgamated was not supported by the society. Delegates to the Royal Society's conference were instructed to act accordingly.

#### CULLING RAMS AT ANNUAL FAIR

Improving Standard

AN INSPECTION OF ENTRIES

Varied expressions of opinion met a suggestion at yesterday's meeting of the Hawke's Bay A. and P. Society that an inspection of stock should be made at the society's ram fair. In other centres where the inspection has been adopted stock not up to standard are killed so that they may not be sold at other fairs. The inspection is a measure to improve the quality of stock in the fairs, as it is considered that many of the offerings are considerably below the desired standard. The matter was dropped by the society yesterday, but on the motion of Mr F. N. H. Beamish it was reopened and a sub-committee will hold a discussion with the Stock Breeders' Association.

### Hawke's Bay Winter Races BAY OF PLENTY To-day

#### **BRIGHT PROSPECTS**

#### Attractive Fields Listed To Compete

(By THE BARB)

The prospects for the Hawke's Bay Jockey Club's second winter meeting, to be held on the Hastings racecourse this afternoon, are bright and a typical Hawke's Bay winter's day looks likely. The course is in fine order but, on account of the recent rains, will not be fast, while down the back, between the six and the five furlong posts, the track is a little heavy owing to an overflow from property adjacent.

With 22 more acceptors than the first day, the racing promises to be much more interesting. The principal event of the day, the Hawke's Bay Steeplechase, should be a finer race and it is an open one with the seven acceptors all proficient fencers.

All the other races have filled satisfactorily, especially the Hurdles, when 13 will go to the post.

A large attendance is expected his rider hurt himself that the Tracand the betting will be win and tor gelding is not counted out. Dozie place. The totalisator will shut Boy, as already reported was going his rider hurt himself that the Tractor gelding is not counted out. Dozie Boy, as already reported was going well both days at Auckland when he fell. Now fully recovered from his slight shoulder injury, he should add interest to the event but 10.8, in The Barb's opinion will beat the little Lucullus gelding, who is not a weight carrier. down sharp on the advertised times of starting.

The meeting opens with the

have all shown their ability recently. Some of the previous "also-starteds" should have improved with racing experience while Miss Hallomet, Nalla, Worton, Vengeance, Knightsbridge, Tashi Lama, Cyprene, Australian Star and Grey Spy are new-comers since last Saturday. There is nothing outstanding among the 20 acceptors, but the splendid effort of Flying Spray last Saturday did not go unnoticed. She is a very small filly and the extra furlong may trouble her a little. With opinions divided between five or six of the contestants a fair betting pool the contestants a fair betting pool should result with most invested on

matters in the summing up. Miss Leighon must be somewhere near back to form otherwise would not be brought through from Awapuni. Hunting Moments is another on today's card that is capable of bringing off a surprise. Dainty Dell has racing condition on her side and so she should run as prominently as the next best Queen Cardine won Great Quex won so decisively last Misurina schooled so well on Thursday morning that he must run prominently, and as he will have a track to suit him. Siegall and Chequers are promising young jumpers, but they need racing experience over hurdles. Form hardly points to Royal Stuart. Three that should appeal—

The Corinthian Plate has one of the best fields under these conditions seen in this district for some time. Racing condition is a factor that must be rigidly followed in a race of this description so that Gay Mimic comes in under this category, but 12.10 is a big impost to carry but 12.10 is a big impost to carry on a dead track. Master Cyklon has on a dead track. Master Cyklon has been galloping attractively since the going has been easier and if a capable horseman is engaged the Hunting Song gelding should be one to

ing Song gelding should be one to keep an eye on.

Solaria has not been galloping well enough to recommend for a place. Pretty Lass won easily at Greenmeadows. She is up against stiffer opposition this time, but two wins in her last three starts is the right form. Indian Sun is of little use on going that is not firm, so his trainer says, yet he ran second to Authoress on similar going in the Fellding Hack Cup on Easter Monday. Rhodes is not brilliant, but can carry weight and hangs on well at the finish—just the type for a race of this description.

Makaia may require a little more time, although he is not without place possibilities after his Napier third. Holiday Pay looks like being the outsider of this field, when the best backed may comprise

The race of the day. The Hawke's Bay Steeples is two miles and three-quarters and not two and a half as many think. Birkology will not mind the extra distance as he has always shown stamina. He is said not to be a good jumper but the writer disagrees. He makes no mistakes but is admittedly not a brilliant lepper. Iddo will be riden by P. Brady today and although he is not recommended, on account of unsoundness was going so well last week until mended, on account of unsoundness was going so well last week until July 5—Hawke's Bay Hunt Club, July 8, 10, 12—Wellington R.C. This event brings the meeting to close. Black Thread heads the list and is a serious consideration. Lambourn with Billie Broughton on his back will have a solid backing. Black Majesty and Battle Gain have recent form hard to pass over but, coming from the same stable and in different ownership, they have the public ent ownership, they have the public guessing to some extent. Yesterday morning they were galloped five fur-longs together to finish abreast but I think that Battle Gain was going I think that Battle Gain was going the better over the short sprint.

Although Centrepoise is racing below his distance he is not without chances. Flying Spy, second in her last two starts, will again be found in the firing line at the finish. Lutanist and Lindrum will not be confidently backed. Two fair lightweights in Nelumbo and Proclamation, make up the field.
