

The image shows the entrance to the Coker Memorial Gates. Two large, square stone pillars support a dark metal gate. Each pillar has a circular plaque with text. The left pillar's plaque reads 'COKER MEMORIAL GATES 1921'. The right pillar's plaque is more detailed, mentioning 'W. COKER' and 'P. ASTOR COKER'. The gate is set in a paved area with a yellow and black striped curb. In the background, there is a green field, possibly a sports field, and some trees under a cloudy sky.
